BACCALAUREATE, COMMENCEMENT PLANS

Looking ahead just a bit, the committee on Commencement wants everyone to be familiar with arrangements. Baccalaureate will be held in Ed Landreth Auditorium at 9:30 a. m. May 30 and Commencement exercises in the Stadium at 8 p. m. the same night.

Again, it is important that all faculty members possible take full part in the processions in full regalia. For the baccalaureate, assembly is set for 9 a. m. in front of Jarvis Hall. In the case of rain, we will assemble in the south hall of the Fine Arts first floor.

For commencement, assembly will be just south of the West Stand at the stadium (near scoreboard.) Time will be 7:30. In the event of rain, the ceremony will again be changed to Ed Landreth.

Due to some confusion, the attention of all is called to the regulations about wearing caps at such ceremonies: Women wear caps at all times during the processional and ceremonies. Men uncover only during prayers. At all other times, caps are worn even if the speaker or speakers take off theirs. Don't forget!

OooooOooooO

TICKETS FOR SUMMER THEATRE

The attention of everyone is called to the Horned Frog Community Summer Theatre to be held on the campus in June, July and August. Five top plays, "Angel Street," "Silver Whistle," "January Thaw," "Candida" and "Goodbye My Fancy" will be offered.

The schedule is so arranged that there will be plays each of the last three days of the week. June 17 through Aug. 21.

Season tickets are \$4.00 for the five plays -- a top bargain for those who like theatre. The Delta Rho Delta Sorority is handling the season ticket sale. Anyone interested can contact Kitty Wingo in the athletic department. If you're gonna be here this summer, don't miss these offerings.

\*\*\*\*\*

FINE ARTS MURAL

Pete Tumlinson is painting the north second floor landing of the Fine Arts Building. The work is of a ballet, depicting the classical pas de deux.

DR. MORGAN YOUNG REPORTS

MISS MAJOR IN TWO EVENTS

Mabel Major will be a featured speaker at two events for writers in the next few weeks. They are the fifth Writers' Round-Up at the Amarillo Center, West Texas State College, May 31-June 4 and the annual Professional Writers Short Course at the University of Oklahoma June 8-10.

She will discuss Southwest literature and other phases of writing in which she is a recognized expert.

\*\*\*\*\*

STUDENT RECRUITMENT COMPLETED

Dr. Richardson reports that T. C. U. 's most successful campaign of high school visitation has been completed. In all, 1,200 high school seniors were personally contacted and over 500 requested bulletins and other materials. They were from 125 high schools.

Some 40 faculty and staff members took part in this important work. And they got results. Calvin Cumbie reported that 144 applications for next fall have already been received -- compared to only 45 at the same time last year. If the ratio holds, things will really be looking up in our enrollment.

Congrats to Dean Richardson and all those who had a part in the work. It was by far the best campaign in TCU history.

DR. GUENTHER HONORED

"Variations for Oboe and Strings," a composition by our own Ralph Guenther, was played recently by the Dow Symphony orchestra in Midland, Mich. The orchestra is a big project of the Dow Chemical Company.

Word is that the composition was well received. It has previously been played in Fort worth and at the University of Texas in Austin.

PERIODICAL COLLECTION

A 27-year collection of French periodicals is now in the Graduate School office. The file will be placed in the library when Dean A. T. DeGroot has finished his research. The periodicals, "Irenikon," are to be used for research study on Protestant and Catholic relations.

This is the only collection in this area and was obtained through the Belgium Roman Catholic Benedictines. Dean DeGroot has corresponded with a priest for nearly two years before the file was complete. The collection, purchased through the research fund, is valued at \$250.

DR. MORGAN YOUNG REPORTS

Dr. Morgan Young of the TCU staff, on leave to work with the U. S. Operations Mission to Ecuador, recently brought Otto Nielsen up-to-date on his duties.

Stationed at Quito, Dr. Young reports that the FOA has three missions in Ecuador: Agriculture, health and education. The staff from the U. S. has instructional supervision of four elementary schools in Quito and is developing them into demonstration centers for new methods and materials.

They are also developing a model teacher-training program. Says Young: "We cannot praise too highly the reception given us by the Ecuadorians and their interest in improving education within the Republic. The challenge is great."

Dr. Miller Moseley, associate professor of physics, has been named a "research participant" by the Oak Ridge Institute of Nuclear Studies and will spend the summer at the famed National Laboratories in Tennessee. He will report on his activities until Sept. 1. The exact nature of his duties was

PURELY PERSONAL

Dr. Sandy Wall will have a leave of absence during the summer. He will teach special courses in philosophy and history of education at the University of Colorado.

Dr. W.L. Reed will speak at the Fellowship Dinner of the First Christian Church in Iowa Park, Monday.

An award of Fellowship in Business has been given Dr. August O. Spain. The award is from the Foundation of Economics Education and is for the latter part of this summer. He will study the operations of ALCOA, starting with orientation at headquarters in Pittsburg and then visiting some of the primary production installations out in the field. The company and other big businesses co-operate with the Foundation in the conduct of the College-Business Exchange Program.

Another Ph. D. will be added to our list when John L. Wortham of the economics department received his from the University of Texas at the June commencement. His dissertation was titled, "A Description of the Basic Sales Forecasting Principles with a Specific Application to a Truck Trailer Manufacturing Firm."

\*\*\*\*\*

STUDENT ART EXHIBIT

TCU art students are having an art exhibit in the gallery in the Fine Arts building. The exhibit will run until the end of the semester. The show includes paintings and handicrafts.

NEW SUPERVISOR OF PRINTING-MAILING OFFICE

Neil Guy, who has done such outstanding work as chief of the Printing-Mailing Office, graduates May 30 and will become a pastor. The best wishes of everyone go with Neil and his wife.

Arthur Hunt, a Brite student, has been named to supervise the work of the Office. All faculty and staff members should consult with Arthur on printing and mailing work after May 30.

XXX XXX XXX

DR. MOSELEY TO OAK RIDGE FOR SUMMER

Dr. Miller Moseley, associate professor of physics, has been named a "research participant" by the Oak Ridge Institute of Nuclear Studies and will spend the summer working at the famed National Laboratories in Tennessee. He will report June 1 and his work will continue until Sept. 1. The exact nature of his duties was not disclosed.
