No. 46

SUMMER ENROLLMENT

An early check on registration for Summer Session indicates some 1300 students enrolled in all divisions. This should increase before the final day for signing up, Friday, June 11. Director Jerome Moore predicted a total about even with last Summer.

NO CONVOCATION ON JUNE 11

Although the catalogue shows a convocation on the morning of June 11, none will be held. Attention of all is called to this change.

NOTES FROM THE REGISTRAR

A big THANK YOU to all who in any way assisted in the registration. It's quite a job and just has to be done, regardless. And it must be accurate or else.

Remember this schedule:

- 1--Friday, June 11, is last day of registration or for changing or adding courses.
- 2--Classes will meet on Saturday, June 12, to complete the full five days this week, aside from registration.
- 3--Friday, June 18, is the last day for dropping courses with "W". Thereafter its W/P or W/F.

Those Petition Sheets! Everyone charged with keeping petition sheets up to date is required to turn in August candidates not later than June 15. We are working on a tight schedule this Summer. These sheets must be processed in detail in the Registrar's Office, then the official list of names and addresses must be in the Business Office by July 1. Your prompt response will be appreciated. Delays make processing doubly difficult. Thanks again!

For your guidance, please note symbols of grading:

- A--Reserved for exceptional work.
- B--Implies superior work.
- C--Means medium work.
- D--Means inferior work.
- F--Means failure.
- I-- Means incomplete (must be removed within the first 30 days of next semester or summer term).
- NC--Means non-credit.

Signed: S. W. HUTTON
Registrar.

THE SUMMER BULLETIN

Remember, the Faculty Bulletin will be issued this summer at irregular intervals and only when the need arises. If you have something that should go into the Bulletin, please bring it by or send via inter-office mail to Office of Information Services.

NO CONVOCAATION ON JUNE 11 OooooOoooo

PURELY PERSONAL

The death of Betty Ridings last week has the campus sad. With her late husband, Prof. J. Willard Ridings, she was a valuable and most welcome member of the TCU family for almost 30 years.

Dr. D. Ray Lindley, vice-president, is vacationing in Mexico. Drove down with Mrs. Lindley and was all set for a good rest.

Amos Melton, Information Services, will attend the annual meeting of the ACPRA in New York June 19-24. Will leave with wife and daughter June 15 and drive via Great Smoky National Park.

Dr. Bitu May Hall took off for Europe last week. She plans a real good time over there.

Hartwell Ramsey, director of exes work, is covered up with mail. Has received more than 2,000 biographical blanks from exes after the first mailing. Many chapters are being organized over the Southwest.

Dr. Noel Keith of Religion Department is in Colorado. Will teach awhile and then take a mountain rest. Lucky guy. George Fowler is carrying on over in the Center.

- A - Represents superior work.
- B - Means medium work.
- C - Means inferior work.
- F - Means failure.
- I - Means incomplete (must be removed within the first 30 days of next semester or summer term).
- NC - Means non-credit.

W. W. HUTTON
