VOL. XXX June 16, 1954 No. 47  
\*\*\*\*\*

TO ALL TEACHERS

There are students who are attending classes in our air conditioned buildings for the first time this summer and who do not know about the no-smoking rule in these buildings.

Please repeat to all your classes the request that they observe the no-smoking rule in all classrooms, laboratories and corridors in the new Science Building, the new Religion Center and the Fine Arts Building. Also, please explain to them that this is not a new rule, but that it has been in effect in each of the new buildings since they were first occupied.

For convenience in disposing of cigarettes, etc., urns have been provided near the entrance in the Science building and in the Religion Center.

The co-operation of students and faculty will be greatly appreciated.

Signed: L. W. Ramsey  
Director of Buildings and Grounds.

Good entertainment in a cool place!

The Horned Frog-Community Summer Theatre affords a wonderful opportunity for us this summer by having five plays in the Little Theatre. These top plays, "Angel Street," "Silver Whistle," "January Thaw," "Candida" and "Goodbye My Fancy," will be offered.

The schedule is so arranged that there will be plays on each of the last three evenings of each week, June 17 through Aug. 21. The first one, "Angel Street" has its opening this week and we hear it has a fine cast.

Season tickets are \$4.00 for the five plays. The Delta Rho Delta Sorority is handling the season ticket sale. Anyone interested should contact Miss Kitty Wingo in the athletic department. Tickets for individual plays may be purchased at the box office of the Little Theatre.

TOWARD THE END OF FIRST SUMMER TERM.

PURELY PERSONAL

Librarian Glenn Sparks will be away from the campus until June 26 attending meetings of the American Theological Library Association at Chicago and the American Library Association in Minneapolis.

Mr. Sparks was installed as president of the Fort Worth Library Club for the year 1954-55 at the last meeting of that organization. The Club is composed of librarians of public, college, special, and school libraries of Tarrant County.

The TCU Literary Pilgrimage to Europe will start on Tuesday of next week, with Dr. Estus C. Polk as its conductor. They have an interesting schedule mapped out and we wish the "Pilgrims" all the luck.

Hartwell Ramsey is making great progress with his ex-students work. Besides an office full of activity with regard to editing the Ex-Students Bulletin, keeping up with changes of addresses, and compiling personal data sheets on ex-students, he has many ex-students chapters in the making. Some of the locations of these interested groups are: New York, Washington, D.C., New Mexico, Louisiana and a number of Texas towns and cities.

NOTES ON FOLKS:

Mrs. Cortella Holsapple is reported rapidly recovering from a recent major operation. She's at Harris and the Docs says she is having some company (don't stay too long.)

The Amos Maloney visited with Dr. Willis Hewitt at Gloucester Point, Va., during their trip back from N. Y. Willis became a grandfather two weeks ago when daughter Joan (Mrs. Johnny Swain) presented the family with young Mike. Mrs. Hewitt was in California for the big event but plans to visit Willis later in the summer.

Dr. Austin Porterfield has been named to the Editorial and Publications Committee of the Society for the Study of Social Problems, according to word from New York.

Dr. Sadler has received a note from D. J. Nabors, national secretary of Pi Kappa Delta praising the university's program in forensics. Dr. E. L. Fross and notes, take a bow!

Dean Moore and Dr. W. C. Nunn take off for their Summer Study Tour in Mexico next week.
