EXCUSED ABSENCES:

A "WELL DONE" TO ALL ON HOMECOMING!

Despite the fact that the Baylor Bears got a shade lucky in the football game, everyone is agreed that Homecoming was a rousing success. In fact, many exes and students called it the "best ever" and expressed growing enthusiasm for future years.

The special thanks of the Committee goes to all faculty members who took part; to the likes of Hartwell Ramsey of Ex-Students for fine, over-all work; to Logan Ware and Elizabeth Youngblood of Student Center for help on the dance and exes banquet among other things; to Leona Gillett and Shirley Wilson of Student Congress; to Jim Matthews of Ex-Students Association; to Lt. Cols. Davis and Cross (and their men) for fine help on the parade and to many, many others.

It is believed there were more exes on campus than in many years; that the students took a fuller and more significant part; that the faculty thoroughly enjoyed the occasion. Under present plans, the same two-day pattern for the event will be continued and any suggestions for improvement will be appreciated.

And a special back-pat for Education, Sciences, Brite and all the others that had coffees and open houses. Among those making 'em all was Mr. Bear Wolf who was heard to remark: "One more cup of coffee and I'll be dark enough to play for Penn State!"

Seriously, it was a grand time all around and we hope that the impetus built up this year can be expanded from now on.

PURELY PERSONAL:

KARL SNYDER and IRENE HUBER will attend the meeting of the South Central Modern Language Association in Biloxi, Miss., Nov. 5-6. Karl is prexy of the South Central College English Association which meets concurrently.

OTTO NIELSEN will speak at the Faculty fellowship meetings at Southwestern Baptist Theological Seminary the week of Dec. 9.

DR. M. E. SADLER is busy preparing his annual fall report to the Board which meets next week.

RAY LINDLEY, back from the Convention in Miami, reports lots of enthusiasm among TCU exes who were official delegates.

BUSTER BRANNON started his basketball squad on the long 1954-1955 season Monday. The club is working in the Public Schools gym but will transfer to the new practice gym as quickly as possible.

Coach ABE MARTIN had the answer to that freak play that cost the Baylor game: "We just hadn't worked up a defense for a fumble that is caught in mid-air by our fastest opponent. Guess we'd better get busy on one."
