

FACULTY BULLETIN

VOL. XXXI

Nov. 10, 1954

No. 9

NEW LIBRARY PUBLICATION A "SOCKO!"

"Books," the new pamphlet to be issued periodically by the library, is most interesting and meets a need of long standing. Congrats to hard-working Glenn Sparks & Co.

In case you missed it, the new publication will detail the arrival of new books and carry other important information. For instance, the first issue reports that our total library holdings, including Fine Arts and Harris College, are 232,706. That's a flock of "holdings" and the list is growing weekly.

Everyone, of course, is looking forward to a new "home" for the library. The project is No. 1 on Dr. Sadler's building parade.

OoooOoooOoooOoooO

A POSEY TO MRS. OWENS

It occurs to the Bulletin that Mrs. Juanita Owens, who started out as Weatherly Hall hostess last spring and is now top hand in the big cafeteria, is doing a swell job. Her fine hand was especially evident during all the homecoming festivities. Nize work, Juanita.

*** **

THANKSGIVING FACULTY LUNCHEON

The regular faculty luncheon at noon Wednesday, Nov. 24, promises to be a gala affair. 'Tain't certain but it is likely that Mrs. George Fowler will have things like pumpkin pie, decorations and other trimmings.

Why don't YOU plan to attend that week. Remember, anyone can still come to any luncheon just so they make reservation in Dr. Keith's office by Monday afternoon prior to the Wednesday festivities. And remember, the movies of all our remaining football games will be shown with pungent comment by one Dutch Meyer. It's a riot.

#####

THANKSGIVING CONVOCATION

Art Wenger reminds us of the Thanksgiving Convocation at 11 a. m., Thursday, Nov. 18. He reports it will be "different, enjoyable and inspiring."

Enough said. Let's all be on hand and urge all our students to attend too. It really should be one of the school year highlights! The time: Nov. 18, 11 a. m. The Place: Ed Landreth Auditorium.

HONORS FOR JIM STERRITT

James A. Sterritt, instructor in art, has received word that he has been admitted to the annual art show for Michigan Artists to be held in the Detroit Institute of Fine Arts. He was also named winner of the recent contest to design a pin for the TCU chapter of the Music Educators' National Conference. All well-deserved laurals, we'd say.

NOTES ON FOLKS OF NOTE

E. L. PROSS and WORTH DALTEN (graduate assistant in debate) have an article in the October issue of The Forensic. The title: "The 'Successful' Intercollegiate Debater." Lead article, too. (Editor's note: Noel Keith says he woulda made a good debater but he got married. No man debates after that.)

WARREN AGEE of journalism is in Columbus, Ohio, this week for the national convention of Sigma Delta Chi. Warren's prexy of the Fort Worth professional journalism chapter.

AUSTIN PORTERFIELD will address the Texas Social Welfare Association in Houston Nov. 15. His subject: "This is Today's Family -- So What?"

JOE MORGAN of engineering is working on a new "viewbook" which will outline young people's opportunities in engineering at TCU. Will be out this month and if you know any youngsters that might be interested, might let Director Joe know.

DR. D. RAY LINDLEY made lots of hay at the Disciples Convention in Miami, according to reports. His best retort, to a man who asked him how some of his friends were: "Friends? Man, don't you know I'm vice-president? I ain't got none." Or words to that effect.

If you're wondering about that "hongry" look on the faces of HENRY KEY and LELAND McCLOUD of Business just remember they went to Dallas last week to see SMU dedicate that new Business Building. Dreams do come true, men.

A faithful faculty luncheoner: FRANCES MAYHEW of English. Mighty good to see her shy smile each Wednesday.

DR. IRENE HUBER was elected chairman of the Germanic Linguistic Section for the year 1954-55 at the recent South Central Language Association meeting in Biloxi, Miss. Irene read a paper and served on a panel at the meeting. She will speak to the wives of the Y secretaries at a meeting on Nov. 16.

OooooOoooo

SHINDIG AT THE PETE WRIGHT RANCHO!

Next Monday afternoon, Nov. 15, at 3 o'clock the Fort Worth Geophysical Society is presenting TCU with a fully equipped truck for reflection seismograph exploration. "Twill be a big affair with the oilmen actually conducting tests, etc. in the field.

Silver-tongued Willis Hewatt has persuaded Mr. L. C. (Pete) Wright to permit the goingson on the Wright Ranch, just two or three miles south of campus on the road to Lake Benbrook. (The promises included one that no favorite Wright cows would be injured or disturbed--we hope.) Anyhoo, everybody is invited down to the affair. Geology-biology folks HAVE to go but any faculty folks are most cordially invited.

CONGRATS TO ELMER HENSON AND BILL REED

Word that Elmer Henson will become dean of Brite next Sept. 1, and that Bill Reed will become director of curriculum come this week. Couldn't happen to nicer guys.

And a big salute to Dr. Roy Snodgrass and Harry Munro who will be retiring. They have done outstanding work.

#####

EXCUSED ABSENCES

Please excuse the following from any classes they may have missed between the hours of 10 and 12 a.m. Friday, Oct. 29th, as they were on a field trip to the new Fort Worth Art Center:
