AN INVITE TO ROTC AWARDS DAY

All members of staff and faculty are cordially invited to attend the annual ROTC Awards Day in the Stadium Friday afternoon. Gen. Samuel E. Anderson, chief of the Special Weapons Evaluation Groups of the Department of Defense, will be the special guest of honor and make three presentations.

The list of awards is a long and proud one and it is hoped that as many members of the faculty as possible will attend. Lt. Cols. James C. Cross and Green Davis will be the official hosts, so y'all come.

MARK DOWN MAY 27, 3 P. M. on YOUR CALENDAR

One of the most significant events in the University's history is set for 3 p. m. Friday, May 27, in Weatherly Hall of Religion Center. At that time, the famous William Luther Lewis Collection will be formally presented to the University on indefinite loan from the Amon G. Carter Foundation.

William A. Jackson, director of the Houghton Library, Harvard University, will be the speaker and they say he's tops in this field. We've invited hundreds of top scholars, librarians and other distinguished guests and many have accepted. However, we'll need to have a very strong representation from our own faculty to make it a real gala occasion.

Mr. Amon Carter, the publisher; James L. Lewis, son of the library's founder, and many other distinguished guests will be with us that afternoon. For that reason, the event will have a significance for us far beyond this particular collection.

So it is hoped that EVERYBODY will put the date and time on their calendars right now and plan to be there.

WHO BORROWED THE JIG-SAW MATERIALS?

The Bulletin has had a call from a fellow out in town who loaned one of our faculty members "some jig-saw materials" for demonstration and exhibit. He didn't get the name but is now anxious to have some of the materials back. Anybody know about this?

If so, might give the man a ring.

NOTES ON FOLKS OF NOTE BRIGHT

CHARLSIE HUNTSBERRY, transcript clerk in the Registrar's office, is resigning effective May 31 to devote full time to her family and her new home in South Hills. A part-time staff member since 1947, she has also been very active in the TCU Women's Exes. Good luck, Charlsie. You'll be missed.

DR. SADLER spent Sunday in Houston officiating at the installation of the new pastor of the church from which we called ELMER HENSON, new dean of Brite.

HENRY KEY will be on leave next school year to continue his advanced work at the University of Texas.

JEROME MOORE will deliver the Commencement address at Mexico City University on June 2. Will spend a week on the trip but will be back for the start of Summer Session. Mrs. Moore and son, Jerry, will accompany him.

This is a sad note. HARVEY DOCKERY and RANDY HALL, the AFROTC captains, will be leaving us soon. Harvey is already on orders for Korea (Seoul) and Randy is hoping to go to an advanced school. Everyone will agree that these young officers have made top contributions during their stay on campus and the best wishes of every TCUer goes with them. Incidentally, some changes are also due in the Army ROTC setup but as yet we don't have the definite word.

RETIRING MEMBERS HONORED

That was a grand faculty finale party at the Stadium Tuesday night. Dr. L. C. Wright, Dr. Winton, Dean Snodgrass and Harry Munro were honored right warmly for their many, many years of distinguished service to the University.

The food, fellowship -- and even the singin' -- were right good. It was a most memorable occasion.

WELCOME TO CAPT. SCHLOEMAN

Capt. Twiford F. Schloeman has reported in to the Air Force ROTC unit. Lt. Col. Davis was introducing him around campus the past week. He'll take over some of the duties handled by Captains Dockery and Hall. He's a native of Gatesville and holds his B. S. from the University of Texas (1949).

EMMET SMITH LANDS FULLBRIGHT

That was really swell news that Emmet Smith, the great organist, has been awarded a Fullbright Scholarship to study in France next year. Mrs. Smith will go along and also study music during their stay in Europe. It couldn't have happened to nicer folks.

Incidentally, Dean Richardson reports that we have now landed three of the seven Fullbrights that TCU people applied for. And he has hopes for some of the others. A fine record.

FORSYTH HEADS SCIENCE DIVISION

John Forsyth has been named chairman of the Natural Science Division for the next two years. The group uses a rotating chairmanship with each person serving two school years.

Joseph Morgan has been the chairman for the last term.

JACOBSEN FOR GILLIS AS BAND LEADER

The recent resignation of Lew Gillis as director of bands was sad news indeed. But Lew wants to go on with his studies and has already made plans. He was 10 years on campus -- five as an undergraduate and graduate student and five as head of bands. It will indeed be strange not to have a Gillis about.

James A. Jacobsen, a native of Colorado, will take over our band work. For nine years he worked with the Midwestern University band and built it up into one of the best in the area. He holds his M. M. Ed. from TCU (1953) and has had much experience. He has a lot of plans for making the Horned Frog band known over the land.
