FACULTY BULLETIN

VOL. XXXII Sept. 21, 1955 No. 2

FALL CONVOCATION SCHEDULE

Looking ahead just a bit, Vice-President D. Ray Lindley calls the attention of all to the annual Fall Convocation to be held in Ed Landreth Auditorium at 10 a. m., Thursday, Sept. 29. Our speaker will be Dr. Neal Bowman of Philadelphia, reported to be one of the best in the country.

Dr. Lindley points out that 8 o'clock classes will meet as usual and that the 9:30 classes will also convene for checking the roll and some work. However, they should be dismissed promptly at 9:50 a. m. and all students headed toward the auditorium.

There will be an academic processional and all faculty members who possibly can are requested to gather in the north hall of Fine Arts Building at 9:50.

The Fall Convocation is a most important event on campus and everyone should do all in their power to make it a success. Be sure and attend yourself.

FACULTY LUNCHEONS START NEXT WEDNESDAY

The place is Weatherly Hall in Religion Center and the time is 12 o'clock noon next Wednesday, Sept. 28. The first faculty luncheon of the new semester promises good food and fellowship -- plus movies of the game with Texas Tech with Dutch Meyer as commentator.

Remember: Reservations must be made before Monday afternoon, with Mrs. George Fowler at Ext. 378. Call her right now.

Price per luncheon is 85¢ or you can get the fall semester series of 15 for only \$11 by paying in advance. Guests are welcome -- if you make a reservation for them in advance. There's never a formal program -- ever -- and everyone is free to come and go as they wish.

BULLETIN NEWS DUE TUESDAYS

Remember, the Faculty Bulletin is open to all who have a message for the "gang." But items must be in the office of Information Services by noon Tuesdays in order to make that week's edition.

FIRST FACULTY PARTY

Mary Beth Scott has come up with another "first." She's tossing a "New Year Party" for the faculty on September 30.

That's right. Sept. 30. According to Mary Beth, this IS the New Year for university folks. Hence the name. In any event, all new and returning faculty members will be honored at the affair which will be held in the Faculty Center, Ad Building, 8 to 9:30 p. m. So make your plans now.

Incidentally, if you haven't been using Faculty Center for that coffee break, you're missing a bit. Good coffee, air-conditioning, fine conversation -- and only 5¢. Don't miss this.

LOYALTY OF TCU FAMILY PRAISED

In speaking to two important groups on campus last Saturday, President Sadler had high words of praise for faculty and staff members. Before both the new Development Board and the first workshop of the chapter officers of our Ex-Students Association, he pointed out that almost every member of our teaching staff would be welcome on any campus in the world. "

He expressed the greatest appreciation of our teachers and emphasized the need to increase pay schedules just as quickly as possible. "Their great loyalty and ability must be rewarded in a material way at the earliest possible moment," Dr. Sadler told the Development Board.

NOTES ON FOLKS OF NOTE

Our bows this week go to JIM JACOBSEN and HARTWELL RAMSEY for outstanding achievement. Jim, taking over the Horned Frogs band, put on an eye-popping first demonstration at the half of the Kansas game. The band really looked big time. Ramsey, the hard-going director of Ex-Student work, put on a first club officer workshop that was a honey. Congrats to both.

ART WENGER did a top job as first Chapel speaker Tuesday when Dr. Sadler could not take part. The president will speak later in the year. Vice-President Lindley has the service next Tuesday.

A back-pat for C. J. FIRKINS for an outstanding job as president of the Fort Worth Personnel and Management Association. More and more our people are becoming identified with worthwhile groups and projects downtown. It's a great help to the University. Our report is that C. J. turned in a top performance as P. M. A. president during the year just closing for that group.

GENTRY SHELTON's new Chapel Choir made an impressive debut Tuesday. The organization promises to add much to campus events.

Deepest bow of the week, perhaps, can be taken by Mr. ABE MARTIN. His Frogs really put on a show in that Kansas opener and the results of many and many months of hard work and planning were evident. The Purples may not take Texas Tech on Saturday (and again they may), but whichever way it goes, Abe deserves the hearty congrats of all. He's doing a job.

We believe Dr. N. L. Bowman may bring an interesting and helpful address. It is possible faculty members and students may be present.

Most cordially yours,

M. E. Sadler
