

TEXAS CHRISTIAN UNIVERSITY
FORT WORTH, TEXAS

OFFICE OF
DEAN OF STUDENTS

January 27, 1956

TO ALL DEANS AND FACULTY MEMBERS:

Since many veterans have gotten involved with legal difficulty with the Veterans Administration because they registered for courses that are not admissable toward their educational objective, we are requesting all persons registering veterans to be sure that their courses are required courses toward their stipulated degree, being particularly careful with Graduate students that all are graduate level courses, except where the Graduate School has furnished us for V. A. purposes a list of undergraduate make-up courses.

Yours very truly,

Thos. F. Richardson
M. P.
