A "THANK YOU" FOR HELP ON CAREER CONFERENCE

The editor of ye Faculty Bulletin takes this means and opportunity of saying a heartfelt "thanks" to all members of faculty and staff who helped so efficiently with the third annual Citizenship and Career Conference last Friday.

We had around 1,300 high school seniors on campus most of the day and from reports, they enjoyed the visit very much. Chances are good we'll have a large number of them back next fall as regular students.

The University is especially grateful to the likes of Leslie Evans, Lib Youngblood, Logan Ware, Juanita Owens, Ike Harrison, Harold Brunkhorst, James B. Head, Allen Orgain, and all those who conducted or took part in the afternoon sessions. Well done!

FACULTY LUNCHEONS START WEDNESDAY

The spring series of faculty luncheons in Weatherly Hall gets under way next Wednesday, Feb. 8. These informal get-togethers (there's no program, you know) are a lot of fun and it's hoped that everybody who possibly can will take part.

The series will run 16 straight Wednesdays. Single meals are 85¢ but those who wish may pay for all in advance and save \$1.60. "Season tickets" are only \$12. Others can make "permanent" reservations but pay each week. Still others, who can attend only now and then, will be welcome provided they call in by Monday afternoon for a reservation.

So Mrs. George Fowler can get an idea of how many to prepare for next week, will you kindly give her a ring at Ext. 378? Thanks.

GLENN ROUTT RETURNS

A welcome home to Glenn Routt of Brite who returned Sunday from his work in New York. He reports things going smoothly toward that Ph. D. which probably will be coming along about June.

Incidentally, Glenn is writing on the historian Arnold Toynbee and had the real pleasure of several conversations with that distinguished scholar recently. He reports that the authority on "Civilizations" is both gracious and stimulating.

We were about to ask Glenn about the rise of a new civilization -- the Empire of Texas -- but thought better of it. There are those who claim it isn't civilized, much less a civilization. Wanta argue?

NOTES ON NOTABLES

LEON LICHTENWALTER, new Army ROTC lieutenant, is a handsome young man ✓ with real military background. Was born at Fort Huachuca, Arizona, of an army family, graduated from Kemper Military School and West Point (BS 1952) and has just returned from three years in Germany. He's married, gals (sigh) and his wife's name is Winifred.

RALPH GUENTHER has two compositions off the presses in the last 10 days. They ✓ are "Bow Down Thine Ear," an anthem for church and professional choirs, and "Rustic Scherzo" which is a clarinet quartet.

IRENE HUBER speaks Feb. 7 to the fourth graders at E. M. Daggett and on Feb. 17 to the "Retired Teachers' Association" in Dallas. What's this? Didn't know old teachers retired -- thought they just faded.

JAMES STERRITT of Art has an entry in the Boston Printmakers Eighth Annual ✓ Exhibition, Boston, Mass.

President SADLER has named a committee of A. L. PORTERFIELD, H. R. MUNDHENKE and ESTUS POLK to work with the Leo Potishman Foundation on publications originating from the university.

D. RAY LINDLEY, in his own words, "gave birth to a granddaughter last week." The parents are Mr. and Mrs. Gene Lindley but naturally grandpa is taking most of the credit.

BEAR and MARTHA WOLF are still in New Orleans. No official word as yet on Martha's hospital tests.

SPRING TV SERIES

The campus-wide Radio and TV Committee, headed by E. L. Pross, has mapped out a complete schedule of programs for Spring. The shows, called "TCU Telerama," show Sundays at 1 o'clock over Channel 11. ✓

Under the direction of James Costy, the programs have been very good. Joseph Morgan has come up with several shows on science and Moffitt Cecil is working on two or three from English. If you haven't seen one of the programs, why not tune in next Sunday?

HARRIS CATALOG OUT

The 1956 edition of Harris College catalog is now off the presses. The cover design, by Leonard Logan, is a honey. A slip-up by the printers changed the usual Harris color from red to gray but it was too late to be corrected this year.

Coming up: Summer School, AddRan.

HOSPITAL REPORT

Libby Youngblood is recovering nicely from that car accident near Denton some 10 days ago. Stay in there, Lib, and fight!

Bear Wolf reports that wife Martha came through the long series of tests in New Orleans in fine style. The medics could find nothing seriously wrong. Good news!

Mrs. S. W. Hutton is said to be doing fairly well after another long operation last week. She's had a mean siege.
