Tea for Members of the Graduating Classes

To all Faculty Members:

The invitations to the traditional Tea for the members of the Graduating Classes name the Administration and Faculty as hosts. This means that the entire full-time teaching faculty as well as the members of the Administration will make up the house party on this important occasion. We hope that you can be present in that capacity and help to make this an unusually successful affair.

Please be in the ballroom by 3:30 so that "the family" will be ready to receive the guests who will arrive in hordes at four o'clock. Your duties, unless otherwise assigned, will be to see that the guests are served, chatted with, and made to feel thoroughly welcome. The women in the house party will wear short, semi-formal dresses and no hats; the men will wear business suits. The house party will be served at five o'clock.

We hope that you can be there: Ballroom, Student Center:
3:30 p.m. Friday.

Cordially,

A handwritten signature in cursive script that reads "Mary Beth Scott".
