DEPARTMENT OF NATURAL SCIENCE.

Ans'd. June 13, 1901.

Waco, Texas, June 8 1901.
Mr. Geo. P. Merrill
Washington, D. C.

Dear Sir: I wrote you some
time ago stating that I should
be pleased to have Mr. Schuchert
at his earliest convenience
send me such collection of
fossils as you could afford
to spare in exchange for part
of Meteorite. As the fossils
have not come I write this
simply to remind you in
case the former letter has
from some cause not reached
you.

Sincerely

O. C. Charlton
