Dear Dr. McCoy:

We have received your recent request for samples of meteoritic material. We sincerely appreciate your interest to evaluate our meteorite specimens. Unfortunately, we have to put a hold on sample requests for the moment. As you have known we do not have a meteorite curator who can evaluate such requests. If it is possible for you to postpone this request until this position has been filled up, then we will notify you when there is a change and we will be able to consider sample requests.

We regret the inconvenience and thank you for your research interests in our meteoritics collection.

Sincerely yours,

Clarita M. Nuñez
