Two Meteorite Samples:

Me 173 BLUFF 2 frgs. from 10948g specimen 10.78g

Me 1461 BLUFF 1 frg. from 16.54# individual 11.26g

Loan Term: You are given permission to prepare thin sections from these samples. If more than one section is prepared from catalog number, you may keep one thin section and return the rest to us. The Field Museum remains the owner of any sections prepared from the original sample and should there be any later publications on the retained section, the borrower is asked to acknowledge FM as owner of the thin section used and cite the relevant FM specimen number. If only one thin section can be prepared, that thin section should be returned to us after the study has been completed.
