Dear Mr. Monnig:

Received your letter asking about the meteorites. Mother, Mrs. R. F. Stevenson, wrote me sometime ago and said you were interested in them. I have ^{to} look again through some boxes that were stored trying to locate these items. I regret to say, that I have not been successful in the search.

It is very clear to me the two you are most interested in. Our apartment was broken into a few months ago, several souvenirs that my husband brought back from overseas were taken. We think the meteorite that had Floydada written on it was taken at that time.

I am happy to know you are interested in these meteorites, and that they could be of some use to you, for my father's collection mean a great deal to me.

Until I have had more time to look through the stored boxes, I cannot assure you that I have any of them. If and when, I locate any of them will notify you.

Very truly yours,

Mrs. Martell Groves
