Mr. Amon G. Carter,
Ft. Worth Star-Telegram,
Ft. Worth, Texas.

My dear Amon:

It is rather hard to express one's appreciation of the magnificent treatment you accorded Alward, Warren and myself while in your city. I cannot tell you what a real pleasure it was to me to realize the great progress that you have made and know that you have won for yourself the position of the dominant factor in Fort Worth. You are at the top and don't need to account to anyone but yourself - a most enviable position.

I enjoyed meeting your family and can only feel that your happiness there is well deserved.

We all had a wonderful time and cannot thank you enough for the many courtesies you extended.

With kind regards to your family, as well as to yourself, believe me

Sincerely yours,

General Manager.
