

Aeronautical Port
Fort Worth, Texas,
May 12th, 1926.

G R E E T I N G S:

Mr. Amon G. Carter, Publisher,
Fort Worth Star-Telegram and Record-Telegram,
Fort Worth, Texas.

My dear Mr. Carter:

Having been requested by officials of the United States Air Mail Service to send souvenir letters to important personages, announcing the inauguration of the Airplane Mail Service from Fort Worth, Texas, an Aeronautical Port, to New York, also to Los Angeles, California, my thoughts were directed to you, who have unselfishly rendered inestimable services to those who are interested in the science of aeronautics.

Therefore, it is quite apropos for me to take advantage of this opportunity in sending greetings to you, in recognition of your support of aeronautics through your publications, by the first airplane leaving Fort Worth Aeronautical Port, carrying mail authorized by the United States Government.

In so doing, I voice the sentiment of the entire membership of the S.W.A.A., of which you are an honorary member.

Sincerely,

R. E. Lee Poston

President Southwestern Aeronautical Ass'n.

P.S.

As this goes out by first official air mail, it will be returned to you from Chicago via same service.
