ASSISTANT GENERAL SECRETARY

Hon. Amon G. Carter,
Fort Worth, Texas.

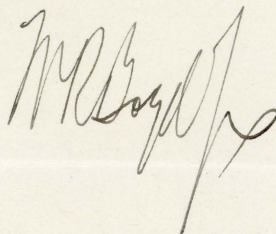

Dear Amon:-

The souvenir air mail edition of the Fort Worth-Record Telegram (a Texas owned Newspaper) which you sent me by the first mail plane out of Fort Worth was received on Thursday morning.

Somewhere I have heard that you and John Philp, of Dallas, were the two men most responsible for securing this air mail service for Texas. I believe that both of you are invaluable and indispensable citizens of the two great sister cities of Texas and if my information about the two of you is true, I think you have rendered Texas a great and constructive service -- one which the people ought to appreciate.

Many thanks to you for remembering me with the souvenir copy of the paper. I have been very much interested in reading it.

Faithfully yours,
