

Northern Pacific Railway Company
Office of the Chairman.

HOWARD ELLIOTT
CHAIRMAN

34 NASSAU STREET
NEW YORK CITY

May 14, 1926.

My dear Mr. Carter:

I have received the copy of the Fort Worth Record-Telegram, and am much interested in it. It is extraordinary the way the handling of mail matter by airplane is developing, and I am glad to see that you, as usual, are in the front rank of making use of the most modern and progressive methods of distributing your excellent paper.

Thinking you will be interested, I am sending you under separate cover, marked "Personal", copy of the little paper known as "Time" and of the digest of some remarks I am making Friday before Pennsylvania State College.

Our mutual friend, Hale Holden, has been here two or three days with me, and we have been talking over a good many things of mutual interest, not only to our two railroads, but to the country that they serve.

With kind regards and best wishes, please believe me

Very truly yours,

Howard Elliott

Mr. Amon G. Carter,
The Record-Telegram,
