Dear Murph

Herewith copy of the resolution which I propose introducing to the Convention Saturday. Let me know what you think of it, iff too "strenuous" or not.

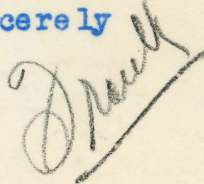

About the only thing I can think of ~~to add to it~~ to make it letter perfect would be to add

"Hurrah for A & M, Dan Moody" and Amon G

A&M for the wonderful school we have there, my boy attends that school; Dan Moody for his great race and sterling qualities, and Amon G because of his stand for the right, and the public enterprising spirit of his papers.

Let me know what you think of it, and if it would be proper for a poor little cuss like me to introduce same.

Sincerely

A handwritten signature in cursive script, appearing to read "Dr. J. H. [unclear]", written in dark ink and underlined.
