THE AMON CARTERS,
Fort Worth, Texas.

My dear Amon Carters, big and little:

That Christmas card of yours, with the young governors of Texas amid the flock of Texas Toms, has been received and is gladly welcomed by the Presbrey family.

I might add incidentally that the Presbrey family is to celebrate New Year's Day by having as a guest of honor at its table the Texas Tom which The Hired Man of the Amon Carters was good enough to send us. He has been dressed and is now awaiting the ceremony on the first. I doubt if he enjoys it as much as we will; at any rate, we will all enjoy it and think often of you.

The first time The Amon Carters are coming to New York, if they do not let the Frank Presbreys know, so that the Frank Presbreys can have the Amon Carters at dinner, there is going to be a black mark put up against our Texas friends, whom we have all learned to love. That's that.

Cordially and sincerely yours,

FP/1

Frank Presbrey
