

FORT WORTH CLUB

May 17th, 1927.

TO THE MEMBERS OF THE FORT WORTH CLUB: GENTLEMEN:

The administration of the Club has the honor to submit to you the Forty-second annual report for the year ending April 30th, 1927, as well as a consolidated financial statement including the Fort Worth Building Corporation.

The outstanding feature of the year's activities has been the completion and closing of all contracts and furnishing for the different departments, a number of which were primairly operated on an experimental basis at the opening of the new Club building. The complete operation of the year's receipts and disbursements come within the outlined budget made up at the time of the original financing, however there should be provisions made for the taking care of depreciation for building and furnishings, which is now a subject for consideration.

The barber shop, swimming pool and cafe have shown a loss on operation and the major portion of these losses were originally incurred the first six months of the year, during which time the Club showed a loss on operations of \$21,000.00 as against a loss for the second half of only \$7,000.00 - practically all of this loss was sustained in the cafe. At the present time we are operating without any loss (including all interest charges and sinking fund) eliminating the depreciation item.

The Board of Governors cannot over emphasize the important service rendered by the Club Manager, Mr. O. P. Haney, during the difficult period of construction and the furnishing and opening up of the new Club. He not only has rendered unusual service and long hours of intelligent work, but has held together an efficient staff and cared for our needs throughout the period in which the Club's operation was far from easy. There may have been occasional inconveniences to members, however they have been very slight when it is borne in mind the problems confronting the management in moving from the old Club into the new one, perfecting the organization and getting everything running in good order. We, the Board of Governors, wish at this time to express our appreciation to Mr. Haney and the entire staff of the Club for carrying on so efficiently and cheerfully during the past year.

The Management is using every effort possible to operate the Club on a practical business basis. The success of the Club depends on the cooperation and patronage of our membership.

Respectfully,

AMON G. CARTER, President.
