

BEN E. KEITH
FORT WORTH TEXAS.

My dear Amon --- This two-years old grapefruit tree comes from my grove in the famous Rio Grande Valley of Texas.

I am presenting it to you, knowing that under your care it will have opportunities that you, yourself, did not have at its age.

If it does as well in your back yard, or where ever you may plant it, as you have done in the community where you were planted - then, like your good self, it will become a real producer and command the respect, recognition and admiration of everyone.

Sincerely,
