Dear Armon:

When you were in the Radio Announcer box at Houston
last night, singing them a song they couldn't
repeat over the air, why didn't you say "hello" to
me and the rest of your friends who were "listening
in" by the million all over the country?

Great contraption, this radio thing, certainly puts us close
together!

Always with best thoughts, I am,

"Yours for LIFE"

Arthur J. Hill
