O'Donnell Texas
Sept. 3. 1946

Mr Oscar E. Munnig
Fort Worth Texas

Dear Sir

I have wanted to write you about a meteorite for several days but did not know how to get in touch with you until I saw your name in the paper about the large meteorite.

I found one here a few days ago. It will weigh about (10 lbs.)

If you would like to see this one let me know or come to see me.

People dont know what they are around here. I have had several to tell me that they had see them in the field & just let them go thinking they were rocks.

I would like to hear from
you as soon as I can.

I live 14 miles north of
Gail Texas, or 18 mi. S.E. of
O'Donnell Texas.

Your very truly

W. T. Reddell

Rt. 1. O'Donnell Texas
