1st June 64.

Distribution. Parry. Leon and Hayhoe. Cape Town.
Oscar. E. Monnig. Fort Worth. Texas.

Attached copy of letter from. E. Monnig for attention. Parry, Leon, Hayhoe.

This drum weighed 1370 lbs, weighed twice, once by myself and the second time by the S.A.R and Harbours. It was well sealed and welded and I do not think that any of the contents could have fallen out. I therefore presume that it is a weighing error by Parry, Leon and Hayhoe.

Further 2560 dollars is equivalent to R1840100 of our currency.

Would Parry, Leon and Hayhoe kindly check this weight if possible and inform myself and Mr. E. Monnig by airmail. I could also vouch that the two crystals were weighed separately before drumming and were found to be over 1200 lbs. for both.

The other information, I have sent you.

Thankyou,
yours faithfully,

S. Pieters.
