Re: CE 03719-H  
1 drum Iron Ore

Dear Mr. Monnig:

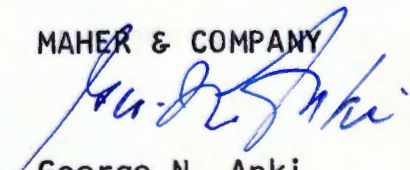

Thank you for your letter of July 9, relative to the above shipment.

We are sorry to advise you that in spite of our instructions to the docks to have your consignment weighed before delivery, they have failed to do so. Since the shipment was not weighed, we are cancelling the balance due on our invoice in the amount of \$2.00.

Enclosed please find our invoice in the amount of \$11.86 covering the difference in ocean freight figured on the gross weight of 1370 pounds which Lykes Bros.' agents in Cape Town believe to be the actual weight of the shipment. Your check by return mail will be appreciated.

Very truly yours,

MAHER & COMPANY
