SS. LETITIA LYKES, Voy. 66-IN  
Capetown/Houston B/L 2  
1 Drum Ore

Dear Sir:

Thank you for your letter of June 10 relative to the weight of the subject shipment.

Inasmuch as you are purchasing the contents on a per pound basis, we would suggest that you arrange with your customhouse broker to weigh the drum for your own protection. It is my understanding from the terminal that there is a minimum charge of \$2.00 for weighing one drum.

We are handling the matter with our Capetown agents in connection with the rate assessed against the shipment on a measurement basis and will again contact you upon receipt of their advices.

Very truly yours,

LYKES BROS. STEAMSHIP CO., INC.
