Dear Mr. Monnig:

Thank you for your letter of May 31, enclosing your check in the amount of \$142.94, covering C.O.D. charges for Parry, Leon and Hayhoe, ocean freight, our fees and pier charges in connection with your above shipment.

We will try to clear this shipment duty free; however, if we run into any difficulty with Customs, we will let you know.

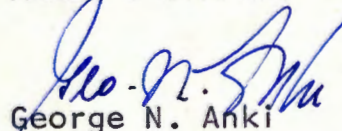

We are unable to explain the difference in the weight of the shipment and since you already wrote to the shipper, we are sure that you will receive a satisfactory answer.

We converted the value of the shipment of 1840 Rands and arrived at \$2565.00 at the rate of \$1.39.

The above vessel is still due in Houston on June 13 and this shipment will be forwarded to you shortly thereafter via truck line.

Very truly yours,

MAHER & COMPANY
