

1964, May 27

Mr. S. Pieters,  
P.O. Box 3013,  
Windhoek, South Africa.

Dear Sir:

I have just received copy of a shipping notice from Parry, Leon and Hayhoe, Ltd., of Cape Town, addressed to Messrs. Maher & Co., Houston World Trade Center, Houston, Texas, U.S.A.

This apparently covers the shipment of meteorites you are sending me, but I cannot understand the gross weight shown as 964 lbs. and the value R1840.00.

Your invoice indicated a gross weight of 1370 lbs. and net weight of 1280 pounds at a charge of \$2560.00.

Please explain the discrepancy.

I would also appreciate an answer to my letter of April 30th. I was especially asking for some estimate of the freight, both rail and water. Please answer at once.

Yours sincerely,
