Dear Mr. Morning:

I am happy to find out about the meteorite and will tell George Nystel what you found out.

I also appreciate the picture and will frame and hang it. Margie and I certainly think it is beautiful, as well as interesting.

Margie has not used the gift certificate yet for we haven't been to Ft Worth since you were here. We have been waiting for the weather to cool a little.

Hope you have a good and productive trip to San Diego.

Always enjoy your letters and the visit you made with us

Sincerely
Boyle Cooper
