No. 1

## ANNUAL MEETINGS OPEN 92ND SESSION

Sure and there's not much rest for the virtuous either. Having held Summer Commencement last Friday night, we turn now to a brand new long session--the 92nd in the University's history. Even Ye Ole Bulletin moves along. We think "Vol. XLI" means our 41st year but our expert on Roman numerals isn't positive.

In any event, the three annual pre-session meetings that traditionally open Fall semester are set. 'Tis hoped that everyone who will be working on campus this autumn will attend at least one of them. Some changes in meeting place have been made so here's the lineup for the info of all:

Staff & Office Personnel--8:00-9:30 a.m., Thursday, Sept. 10, in Dan D. Rogers Hall.

New Faculty & Administration--9:00-11:30 a.m., Friday, Sept. 11, Faculty Center in Reed Hall.

Entire Faculty (new and old)--9:00-11:30 a.m., Saturday, Sept. 12, Student Center Ballroom.

Please note the Friday event is in Faculty Center and that the big Saturday session is in Student Center. Previously, all were held in Rogers Hall. All Deans, Departmental and Divisional Heads are urged to see that all their people know of these important meetings.

L. C. White, Vice-Chancellor for Fiscal Affairs, presides on Sept. 10. Dr. Jim Moudy, who became Executive Vice-Chancellor of the University yesterday (Sept. 1), will chair the Friday event and Dr. M. E. Sadler, that grand young man now in his 24th year as our chief executive officer, will call the Saturday session to order. There'll be free coffee for all at each event. Programs have been planned to provide information and inspiration as we start a new year. You are not only invited--but expected!

COL. REIFF NAMED BY COUNCIL

The Inter-University Council of the Dallas-Fort Worth Metropolitan Areas (that most promising association of TCU, SMU, NTSU, TWU and SW Medical School) has named our own Col. Stanley G. Reiff as executive secretary. He will take command of a new central office located in the Great Southwest Industrial Area.

Stanley came to us in 1961 as assistant professor in engineering after a most distinguished career in the U. S. Army Corps of Engineers. He holds the B.S. from UofNebraska and the M.S. from MIT. He'll be on leave while working for the Council. That organization, you may recall, is a voluntary association of the schools doing graduate work in this huge North Texas area. They will work together on many programs (our TCU-SMU Grad Engineering M.S. for instance) and explore such possibilities as exchange of students and faculty, library resources, a central computer facility, etc. The effort is attracting much attention over the country.

/// /// ///

FINE "SELECT SERIES" SET

Our Select Series Committee, headed by George Reeves, has done a fine job of selecting events this year. There will be seven programs (instead of eight) and the quality is pretty high. Here's the slate:

- Oct. 9--Roger Wagner Chorale--Daniel-Meyer Coliseum
- Oct.27--Violinist Leopold Lafosse
- Nov.18--Sander Vanocur, the famed NBC correspondent
- Dec. 8--"Hamlet" by the National Players
- Feb.24--Sergio Rojas, former Cuban ambassador
- Mar.25--Alexander Brailowsky, world-famed pianist
- Apr.28--Carlos Montoya, the great flamenco guitarist

TCUers, of course, can get season tickets for only \$5--a savings of some \$8 over single admission prices. They'll be on sale again at our general meeting Sept. 12. Hope everyone will make plans to get same.

::: ::: :::

LABOR DAY TO BE HOLIDAY

As per usual, all University offices will be closed Monday, Sept. 7, for "Labor Day". All labor will be confined to the lawn, washing machines, family meals, etc. Some may even choose to work in the parks or on the lakes. Anyhoo, have a good time.

TOP SPEAKER FOR FALL CONVOCATION

Thanks to some brisk maneuvering by Chancellor Sadler, Dr. Hans Rosenhaupt will be the speaker at our annual Fall Convocation in Ed Landreth on Oct. 1. He is National Director of the Woodrow Wilson Fellowship Foundation and one of the most stimulating speakers on higher education in the U.S. today. If you really want a look at the way things are going over the country, mark that Oct. 1 date on your calendar now.

Jenny, former star guard of the Frog basketball team, will assume most of Boss' duties and \*\*\* \*\* assistant coach to Buster Brannon. Frank assumes more duties in the business area and con-

298 DEGREES AWARDED

With Chancellor Sadler presiding in his inimitable way, Summer Commencement came off without hitch last Friday night. A goodly crowd attended in the Coliseum as 298 earned degrees were conferred. Coupled with May's 695, that made 993 for the year--still a bit shy of that 1,000 mark. Special thanks again to Marshals Frank Reuter, Top Copeland and Wilson Lott who did a top job and to Organist Emmet Smith who was "perfect" as always.

A big moment came at the close when the Honorary D. Litt. was conferred on Mabel Major. She was near tears--and so carried away she even had a kiss for Ye Ole Editor. A grand night. Deep thanks to the surprisingly large number of our faculty folks who cared enough to take part. One or two even took time out from their vacations to be on hand. Devotion indeed.

During the Fall, we'll have Oooooooooooooo films of the football games, and, as always, the food and fellowship will be tops. Hope everyone attended the first event on Sept. 23. You can buy season tickets then.

NEW ADDRESSES, ETC. NEEDED

We're now busy preparing copy for "Frog Calls", the little booklet that gives all names, addresses and phone numbers for the upcoming year. If YOU have changed address and/or phone number, recently, would you kindly call Ext. 212 and pass on the info? If will also assure you of getting mail from the University more promptly. Please act now.

\$\$\$ \$\$\$ \$\$\$

HOUSING OPPORTUNITIES:

For Rent to Grad Student: Furnished garage apartment at 2555 Cockrell, three blocks from campus, \$60 per month and available now. Call Malcolm McLean (WA6-4777).

FOR RENT: 2-bedroom house at 2521 Rogers. Has furnished apartment in rear than can be rented. Rent is \$100 per month. Call Mrs. W.D. Cecil (WA4-5537).

## FACULTY BULLETIN/4

### CHANGES IN ATHLETIC ASSIGNMENTS

Following the sudden death of Poss Clark recently, two changes have been announced in Athletic Department assignments. Johnny Swaim has been named Assistant to the Athletic Director and Frank Windegger becomes Business Manager of Athletics.

Johnny, former star guard of the Frog basketball team, will assume most of Poss' duties and continue as assistant coach to Buster Brannon. Frank assumes more duties in the business area and continues as baseball coach. Both are top young men and we predict they'll do a top job. As you know, Athletic Director Abe Martin has to spend much time as head football coach so things get pretty tough for him during the Fall.

//////////

### 16 WEEKLY LUNCHEONS THIS FALL

The Fall semester series of Faculty luncheons on Wednesday will start Sept. 23. There will be 16 of them again this year on these dates: Sept. 23-30; Oct. 7-14-21-28; Nov. 4-11-18-25; Dec. 2-9-16; Jan. 6-13-20. Once more, through the fine cooperation of the men who hold the purse strings, a real bargain is offered. Season tickets will be only \$12.32 (that's only 77¢ a meal). Individual tickets will again be \$1.02 with no reservations needed and guests welcome.

During the Fall, we'll again have the films of the football games, and, as always, the food and fellowship will be tops. Hope everyone will make plans now to attend the first event on Sept. 23. You can buy season tickets then.

### UNITED FUND COMING UP

While it's a bit early, hope all hands will start giving some thought to the United Fund. We'll need a top effort to reach our goal this year.

DR. HONCETER, head of History, lectures to Peace Corps trainees at West State U. on Venezuela Sept. 2-14. They couldn't have named a better man.

LORENCE SHERRY, RUTH ANGELL and MARY FISHER had a grand trip to Europe during the Summer.

"MR. MACK" GETS AWARD

That was a fitting honor Y.Q. McCammon received during the big State High School Coaches Assn. event here recently. He was awarded the annual plaque by the Fort Worth Sports Committee for "lifetime contribution to the wholesale betterment of athletics in Texas and the Southwest". The honor was richly deserved.

"Mr. Mack", one of our Trustees since 1950 and member of the Board's Athletic Committee, "adopted TCU" in 1926. He started a scholarship fund among some friends who met weekly for lunch. First boy: Harlos Green, the fine fullback who kicked the point that gave the Frogs their first SW Conference title in 1929. Harlos is now principal of one of the city high schools. For many years now, Y. Q. has given the "Outstanding Squadman Award" to the Frog who didn't get to play much or make many trips but who was faithful and hard-working for the team. All TCUs are mighty glad to see him honored.

\*\*\* \*\*

BIGGEST CAMPUS SHOW COMING

The signing of Bob Hope to appear with Henry Mancini's orchestra in the Coliseum the night of Oct. 30 assures us of the BIGGEST Homecoming ever. Better be thinking about getting tickets if you want to see this one. The plan is to sell about 4,000 seats to TCUs (students, faculty and Exes) and leave about 4,000 seats for the public. The combining of the two top-flight attractions into a single show will be a new high for our campus.

LATE SUMMER NOTES

Proud we are to hear that WIN MANNING has been listed in the upcoming volume of "Outstanding Young Men of America". This annual 896-page publication honors the country's top men between 21 and 35 years of age.

DON WORCESTER, head of History, lectures to Peace Corps trainees at Utah State U. on Venezuela Sept. 2-14. They couldn't have named a better man.

LORRAINE SHERLEY, RUTH ANGELL and MARY FISHER had a grand trip to Europe during the Summer.

FACULTY BULLETIN/6

MORE LATE SUMMER NOTES

DIANE LEHMAN, oldest of Jim's three daughters, drew the picture of the young lady on our new folder announcing ballet classes for children this Fall. She's nine. Artistic talent seems to run in the family.

ALEX HOFFMAN of Computer Center attended a "Symposium on Ultra Low Frequency Electromagnetic Fields" in Boulder, Colo., in August. Some 200 top scientists from over the world took part by special invitation. He also observed operations of the huge computer at the National Center for Atmospheric Research (NCAR).

The reprint of "A Brief Look at TCU", our first-contact piece for prospective students, has drawn high praise from JAMES MOUDY. Deep bows were taken by ANNA BYRD WALLACE, JIM LEHMAN and CALVIN CUMBIE who worked on same.

Sorry we were that BOB MARTIN, who has been on History staff since 1959, decided to take a job with a school in Arkansas in early August. We wish him well.

BEAR and MARTHA WOLF tried a new sort of vacation. They took a train trip to California, Canada and points North and West, pausing to see San Francisco, Lake Louise and other places of interest. Maybe trains are coming back?

WARREN AGEE speaks to the Texas Junior College Press Assn. at College Station Oct. 4-6.

JIM FARRAR and Family are back from those three years at DukeU. He still lacks a bit on his Ph. D. dissertation but is mighty close. James returns as "Chaplain of the University" and will have many duties.

The CLINT ANDERSONS are building back after that fire destroyed their home in early August.

JIM SOWELL reported the trout fishing very good in Colorado. It snowed on him the first day up.

JIM MOUDY attended the annual meeting of Phi Beta Kappa 'way up East late last month. Had to miss Commencement but things went very well.
