TRUSTEES, LONGHORNS ON CAMPUS

Two rather disparate groups--certainly as to intentions--are on campus this week. The Trustees go into their Fall meeting at 10 a.m. Friday to hear Dr. Sadler's semi-annual report, L. C. White's discussion of our fiscal situation, elect officers and take such other actions as are needed. All of which is definitely on the constructive side.

Then on Saturday, the violent Texas Longhorns invade the Stadium with anything but kindly thoughts for Abe Martin and his Frogs. After three straight victories and a week of rest, we have an idea the Purples will not be easily annihilated. Should be quite a battle and the year's largest throng--some 40,000--will watch the proceedings.

TV SET GIVES JOY--BOTH WAYS

As he concluded his fine introduction of Dr. Sadler at last week's big Newcomen Dinner (see below), Beeman Fisher held up proceedings to read and present this card to the Chancellor: "In commemoration of a <u>certain</u> birthday, a remote-control, color TV set will be installed in your home with the deep respect and abiding affection of Your TCU Family".

Completely surprised and pleased, he took a moment to joke that "if we're paying our people so much they can do this, maybe we Ought to reduce salaries!" Especially pleased with our gift was Mrs. Sadler who confided she's wanted a color set so long she feared she'd planted the thought in someone's mind. One thing for sure, EVERYBODY on campus was delighted to have a part in the gift. We can honestly report they gave joyously and if Frances and Dr. Sadler enjoy that set as much as we did in giving it, they'll have many pleasant evenings indeed. Special thanks to Ina Rivers Jarman who helped on the project in so many ways. Few things have happened to our "Campus Family" in recent years that gave so many people so much fun. 'Twas grand.

OUTSTANDING NEWCOMEN DINNER

To say that Charles Penrose, Jr., was pleased would be putting it mildly. The Senior Vice-President of the Newcomen Society in North America came from Pennsylvania to preside at last week's very formal dinner honoring Texas Christian University and Chancellor Sadler. Seated at the head table and around the 38 smaller tables were the leading Federal judges of the area, presidents and representatives of several colleges and universities, the former head of the American Bar Assn., Presidents and Board Chairmen of the leading banks, railroads, utility companies, manufacturing firms, drug, chemical, airline, insurance, oil and other industries--plus the mayors of Dallas and Fort Worth. A most distinguished company in black-tie splendor.

Following Granville Walker's thoughtful "blessing", they ate well, drank the traditional toasts to the President and Queen, enjoyed Lorin Boswell's opening remarks and Beeman Fisher's polished and cogent introduction of Dr. Sadler. In outlining the many things a university leader "must be", Beeman called attention to the Chancellor's record in each area.

The feature, of course, was Dr. Sadler's "Newcomen Address" carefully compiled and edited over several weeks to fit into only 15 pages of manuscript. As always, the words came to life as he spoke and he was given a standing ovation. The Mayor of Dallas immediately asked for a copy so he could use some of the "fine phrases" in an up-coming address. The speech will, of course, be beautifully printed by Newcomen for nation-wide distribution (and we'll have 2,000 copies to use as we see fit). The press gave the event good coverage and that <u>Star-Telegram</u> editorial was most appreciated. It was the first Newcomen Dinner honoring a Texas university. "It was simply outstanding in every way". said Mr. Penrose who has attended hundreds over the years.

BACK-PAT FOR CHEERLEADERS

Last week when Ye Bulletin was passing out kudos for the best-ever Homecoming event, no mention was made of the young people who do such a top job of "teaching the whole student body that it's better to be <u>for</u> something rather than against it".

We would agree 100% and while it may be a bit late, here's a very warm salute to the cheerleaders who have really contributed to campus spirit this year. We're mighty proud of them and the things they've accomplished.

SECOND FACULTY MEET SET

The Foreign Study Committee, chaired by Dr. Marguerite Potter, will present the program at the Nov. 19 Faculty Meeting. The school year's second such session will get underway Thursday at 3:30 p.m. in Rogers Hall. Plans for the afternoon promise an interesting session.

SANDER VANOCUR ON S.S. WEDNESDAY

Next Wednesday night (Nov. 18), the Select Series will present the famed TV and radio newsman, Sander Vanocur, in Ed Landreth at 8 p.m. He will speak on "Politics in an Election Year" and after what we've all been through it should make mighty interesting listening. Chances are he'll relate many an "inside" story on the goings-on of an election year.

Vanocur is 36, a grad of Northwestern U, veteran of many a bigbreaking news story including Khrushchev's tour of the U.S. and Mrs. Kennedy's trip to India. Those not holding Select Series season tickets may obtain single admissions at the door for \$1.50

CHANGES IN ARMY ROTC PROGRAM

Under a new law (signed Oct. 13), the Army plans some interesting changes in its ROTC program which will affect our people. As we understand it, effective NEXT fall programs by schools may be for two-year or four-year periods. Pay for cadets is increased from \$27 to \$40 per month (and 50 of our young men are now receiving same). In addition, the Army will award up to 5,500 four-year scholarships which will include payment for tuition, fees, books, lab and uniform expenses and the student is paid \$50 per month. Sounds like a very good deal indeed. Lt. Col. John Swango and Capt. Jim Hutter have all the details if you know of anyone who might be in terested.

AUDIO-VISUAL OPERATION BOOMS

John W. Stewart, Jr., and Warren Agee have issued an impressive report on operation of our Audio-Visual Center for October. The faculty has "responded amazingly" to the many services available, the report states, including use of the film library, projectors and projectionists, record players, tape recorders, opaque projectors, filmstrips, slides, charts, etc. With the help of Linda Kay, slides of materials and other items can be made for 50¢ each. Anyone interested might investigate the services of this division.

MILLS COLLECTION TO BE "OPENED"

Two events will signal the formal "opening" of the famed Mills Collection of rare glasses in Faculty Center this month. On Tuesday, Nov. 17, the Faculty Woman's Club will hold a coffee and program honoring Mr. R. A. Mills. Mrs. Granville T. Walker will speak on "Excursions in Old Glass" and illustrate her talk with pieces from the collection. Mrs. Gentry Shelton heads the Club this year.

Then on Sunday, Nov. 22, from 1:30 to 5 p.m. the public is invited to see the collection. Guests will be most welcome so 'tis hoped You plan to invite friends to come that afternoon.

COUNCIL TO MEET ON NOV. 13

Dr. Moudy announces that the University Council meeting, set for Nov. 9, has been shifted to 3 p.m. this Friday because of a conflict. On the agenda are possible changes in the pattern of high school units required for admission, possible change in our policy of accepting no "D" grades on transfer; possible enrollment of high school students for college classes during Fall and Spring semester; appointment of a committee to join a student group to continue the study of academic honesty.

COPIES OF ROSENHAUPT ADDRESS AVAILABLE

We have now printed that outstanding address given by Dr. Hans Rosenhaupt at our Fall Convocation in October. Called "Can Education Be Too Much of a Good Thing", it is really challenging in many aspects of higher education and is especially effective in pointing out the crucial place of the independent, voluntarily-supported schools. We plan to give it wide distribution. Anyone wishing Copies can come by Public Relations, Room 326 Sadler Hall.

INTERNATIONAL RELATIONS WEEK

The fourth annual International Relations Week will begin Monday at 8 p.m. with Dr. Roy P. Fairfield, professor of government at Antioch College, speaking on "Major Problems of Developing Nations".

Sponsored by the Forums Committee of The Activities Council, the four scheduled lectures by outstanding men will center around this Year's theme, "Awakening Nations as Potential Powers". The sessions are open to the public and informal coffees will follow in the Student Center Ballroom.

Dr. Charles Malik, former president of the U.N. General Assembly will Speak Tuesday. Wednesday's address will be by Khalid I. Babaa, director of Arab Information Center for the Southwest. Dr. Clarence Gulick of the Agency for International Development will be the final guest lecturer on Thursday.

The Forums Committee has laid the groundwork for a series that merits the attention of students, faculty and patrons.

NOTES ON MOST NOTABLE FOLKS

LARRY SMITH, V-C for Student Life, was elected president of the Texas Association of Student Personnel Administrators at the annual meeting in the city last week. All accredited colleges and universities of the State are members and they are concerned with all phases of student activity outside the academic. Congrats Larry.

KATHLEEN (Mrs. Lawrence A.) HANLEY writes to report she has personally expressed "thanks" to those business firms that provided the Exes barbecue luncheon at Homecoming and to Monnigs for their fabulous "Salute to TCU" show window. A very good idea indeed for both contributed much to our happy Homecoming.

Sad was the campus last week to hear of the death of the mother of <u>MILLICENT KEEBLE</u>. She was 91. It was the third loss of a "campus mother" in two weeks.

HOWARD (Heinie) GRUBBS, quarterback of TCU's firt championship football team in 1929, long-time Frog athletic director and, since 1950, executive secretary of the Southwest Conference, is recovering nicely from a mild heart attack. He's not having visitors as yet, according to our last report.

MORE NOTES ON MOST NOTABLE FOLKS

BURTON PATTERSON of School of Business spoke to the Texas Health Insurance Assn. at Cross Keys recently on "Judicial Developments in Health Insurance in the Texas Appellate Courts, 1963-64".

JIM FARRAR is chuckling over a copy of a new cartoon booklet lampooning the "professor". 'Tis hilarious. Even Public Relations Directors, Presidents, Deans and Trustees do not escape the sharp needle.

We're happy to report that <u>BOB PROFFER</u>, husband of <u>LIBBY</u>, is recovering from that car smash of a few weeks ago. Had a broken arm but it seems to be mending well.

Anybody heard from <u>BOB CARRELL</u>, <u>DAVID GRAHAM</u>, <u>HAROLD ANDREWS</u> or any others away on leave? Everyone was glad to have <u>HERB LaGRONE</u> back at Faculty luncheon last Wednesday.

DORIS NOLAN BLACKWELDER has been named by Dr. MOUDY to serve as acting head of the Division of Ballet for the remainder of the academic year. Doris, as you know, is a member of the regular faculty and was very close to the late David Preston in his final days. Her husband, Harold, is a grad student in Theatre Arts. We know she'll do a fine job in the area she knows and loves so well.

Our thanks to <u>BEN PROCTER</u> for a look at the handsomely printed new book, "Heroes of Texas". Done by the Texian Press of Waco, it has striking, full-color pictures, biographical sketches of nine great leaders of Texas' early days. Retail price \$10. Ben did the article On Jim Bonham.

JEANNE SAUNDERS and hubby, Louis are "lullabying" a six-pound son these days. The new arrival brings the tax-exemption count to two sons and one daughter. Jeanne is currently on leave from her post as religious activities adviser.

Add two more names to the lengthening list of grandparents. <u>INA RIVERS</u> and <u>CECIL JARMAN</u> are telling friends about the Future Frog born Saturday to Mary Katherine and Robert Rymell of Bedford. He "weighed in" at eight pounds, eight and a half ounces.

GEORGE TADE will speak on "The Language of Misunderstanding" before the Fort Worth chapter of the Society of Technical Writers and Publishers Nov. 17.

<u>RICHARD LINCOLN</u>, our versatile teacher of French, has completed a terra ^{Cotta} relief in the "Great Hall" of the Apparel Mart in Dallas on com-^{mission}. He was assisted by Ray Pierce, one of our art students. ^{Recently}, Richard gave a demonstration and talk before the Wichita ^{Falls} Art Assn.
