N'ER TOO LATE FOR WEEKLY LUNCHEON

Our Spring series of Wednesday faculty luncheons got underway today (Wednesday) in SC Ballroom. If you missed the opener for some reason, there'll still be time to join in the fun. Just plan to attend next Wednesday. As you'll recall, there will be 15 events: Feb. 10-17-24, March 3-10-17-24-31, April 7-21-28, May 5-12-19-26. Season tickets are only \$11.50 and single meals for those who can't attend each week are \$1.02. No reservations are needed and guests are always welcome.

PARKING PLEA FOR FEB. 16

Next Tuesday, Feb. 16, the Faculty Women's Club will hold its big annual "Guest Day Tea" in Student Center. Several hundred of the finest ladies of the area will be our very special guests that afternoon. To help out on an always pressing problem, faculty folks are requested NOT TO PARK in the lots in front of SC that day. Those in charge realize this may inconvenience some of our people but the cause is good and they feel everyone will want to help for that ONE day. Please make a strong mental note on the matter now. It's been suggested that those who forget be turned over to their own wives for disciplinary action--but that seems like cruel and unusual punishment!

::: :::

LATE REGISTRATION ENDS THURSDAY

Tomorrow (Thursday) is the final day for late registration, changing or adding courses. Indications are that the Spring enrollment will be relatively strong--somewhere in the 6,300 neighborhood as predicted by Calvin Cumbie. His first compilation, done after the first three days of regular registration, showed 5,888 students--an increase of 43 over the same three days last Spring. The final figger last year was 6,442.

JUSTICE CLARK ON CAMPUS THURSDAY

Associate Justice Tom Clark of the U.S. Supreme Court speaks at the banquet sponsored by the Interfraternity and Panhellenic Councils in SC Ballroom at 6:30 Thursday evening. The famed Texan will be introduced by Dr. Sadler. Students, faculty and the public are invited but you have to get tickets (\$1.75) by noon today (Wednesday) at Student Center Information Desk. Hope a goodly number of our folks attend for Justice Clark is a very fine speaker.

DEATH TAKES BEATRICE TOMLINSON HALL ✓

As it must to all of us, death came last Thursday night to Mrs. Colby D. Hall--the tall, gracious and strikingly handsome lady who was a much-loved member of our Campus Family for more than five decades. As Beatrice Tomlinson, daughter of the chairman of our Board of Trustees, she graduated from TCU in 1908 at Waco and three years later came here as the young bride of Dr. Colby D. Hall, professor of Latin and Bible.

Down the long and fruitful years, as her husband became Dean of Brite and then of the whole University, Mrs. Hall was a tower of strength--taking a full part in campus and church affairs, raising her family, making their home in the house on University Drive just off campus. She had a grand sense of humor too. We recall once when Ye Old Ed was doing a "This Is Your Life" skit on the Dean, he inadvertently reported that "Dr. Hall had gone on a European trip with wife BERNICE". No one laughed harder than Mrs. Beatrice who kidded that there must be chapters in the Dean's life she didn't know about!

We bid her a fond, loving farewell, deeply grieved that a great TCU generation is passing. Dean Hall died in 1963 and less than a month ago, Miss Lela Tomlinson (who made her home with the Halls for many years) was buried. Such lives leave us a very strong heritage indeed.

FREDERICK FERRE' TO SPEAK FRIDAY

Dr. Frederick Ferre', chairman of Philosophy at Dickinson College and brother of our own Gustave, speaks to a joint meeting of our Philosophy and Psychology Clubs in Rogers Hall at 7:30 p.m. Friday. Dr. Frederick, serving as a Danforth Scholar at SMU this year, will discuss "The Logic of Belief". The public is invited.

"ONLY" 80 ACADEMIC SUSPENSIONS

In his usual, quick way, Registrar Calvin Cumbie reports that only 80 students went on academic suspension after Fall semester. Of these, 56 were for one semester and 24 for a full year. This compares with a total of 102 at the same period last year, 98 in 1962, 84 in 1961 and 112 in 1960. In short, suspensions were at a low point for five-year period--which seems to confirm the impression that our students are getting better.

By Schools and Colleges, with the first figure for one-semester suspensions, the second for one-year and the third as the total, here's the list: AdRan 26-8-34; Business 19-9-28; Education 3-1-4; Fine Arts 3-1-4; Evening College 4-4-8; Harris College 1-1-2. Calvin also reports that eight students were continued on probation by permission of their academic dean.

THE ROWLANDS HEAD FOR PHILIPPINES

On or about July 10, D. Wayne and Maxine Rowland (plus the five little Rowlands) will descend on the Republic of the Philippines. Under a 10-month Fulbright Lectureship recently announced, Wayne will help establish the first school of journalism in that country (at Silliman U.) Proud we are of this fine honor to our Journalism chairman and while he's reasonably sure he can't break even financially, we know the family will have a grand time.

The plan calls for Bob Carrell, who's been on leave doing doctoral work at Uofillinois this year, to become acting Journalism head. The trip, incidentally, is Wayne's second to the Far East in recent years. In 1957, he spent several months in Korea as a State Dept. adviser to newspapers and lecturer at colleges. The announcement means that two of our families will be in that part of the world next year. The George Fowlers will be in India during Fall semester.

RANDOLPH CLARK TO SPEAK FEB. 19

Dr. Randolph Clark, Jr., son of one of our Founding Families, speaks to a Torch Club meeting in Weatherly Hall Friday, Feb. 19, at 6 p.m. He's a nationally-known scientist and director of the M. D. Anderson Hospital for Cancer and Tumor Research. The meeting will be open to all TCU faculty folks and their guests. Tickets will be \$2 and reservations (with checks) should be sent before Feb. 15 to S. W. Hutton, Torch Club secretary-treasurer at 2909 Lubbock, or to Dr. H. R. Mundhenke, % Department of Economics.

PEACE CORPS TEST HERE FEB. 20

C. J. Firkins reports that the Peace Corps Placement Test will be given in our Testing & Guidance Center starting at 8:30 a.m. Saturday, Feb. 20. Some 8,000 qualified volunteers are being sought to start training this Summer to fill requests from 46 counties in Africa, Asia and Latin America. Additional info on the whole matter can be had from C. J. at Ext. 203. Might pass the word if you know of any young people who may be interested.

FLOWER FUND NEEDS TRANSFUSION

Our Faculty Flower Fund, from which we send posies to our families with illness or bereavement, has become anemic once more, Ina Rivers Jarman reports. Seems we've had more reason to use it in recent months than ever before. If you think about it, send Ina Rivers \$1 thru inter-office mail (% Faculty Center) or drop by her office. The Fund is a cherished tradition.

00000--00000

REMINDER ON FACULTY MEETING

Paul Wassenich will be in charge and our Honors Program the topic of discussion at the February Faculty Meeting on the 18th (Thursday week). Dan Rogers Hall is the place at 3:30 p.m. The March session is set for the 2nd and that of April on the 9th although the place for this one (announced as Faculty Center) has been changed to the Little Theatre. Seems there are many conflicts that day.

LAST CALL FOR GENERAL INFO CHANGES

The annual revision of General Information Catalog is nearing the final stages. It will go to the printer shortly after the Spring Board meeting March 3. There have been dozens of changes (as per usual) but if anyone else has suggestions, they'll be most welcome. Our goal is always to make it as complete and uptodate as possible.

::: ::: :::

AAUP MEETING THURSDAY

A meeting of the TCU Chapter of the American Assn. of University Professors is set for 4 p.m. tomorrow (Thursday) in Room 205 of Student Center, Richard Douthit announces. Ken Herrick will discuss "fringe benefits", especially those available at TCU. Faculty and staff members are invited and there will be time for questions and a general discussion.

GIORDANO REPORTS FROM BELGIUM

Mike Winesanker's had a most interesting letter from big John Giordano, former assistant band director who is studying on a Fulbright in Brussels this year. John and wife Mary Alice seem to be having a large time, with an apartment in a French-speaking neighborhood, meetings with the other 21 Fulbright scholars working in the area, lessons at the conservatoire.

While attending a neighborhood movie, the Giordanos were amazed and delighted when the TCU band came marching across the screen. Happened in a French film showing life in America. Made in 1958, the movie had clips of the TCU-A&M football game, the Frog cheer leaders and part of the band's halftime show. Mary Alice also recognized a friend, Marilyn Turner, in the Miss America Pageant.

"Imagine going to a French movie 5,000 miles from home and seeing all that!" John marveled. "A small world, but we're sorry the film didn't give a better impression of American life."

CHANCELLOR PROVES MARKSMANSHIP

M. E. Sadler once more offered proof of his marksmanship Monday night when he treated 150 athletes, coaches and officials to the annual barbecue dinner. Everyone got stuffed on elk, deer and the trimmin's. L. C. White, who accompanied the Chancellor on a couple of hunts last Fall, admitted he didn't kill anything but time. Once he fired at a deer about 20 yards away, rushed over to skin the prize- couldn't even find blood. Hope he hits better on the budget.

NOTES ON RIGHT NOTABLE FOLKS

JACK WALPER and ART EHLMANN led a group of 13 geology students on a camping trip into the Big Bend area between semesters. This time the weather held up well with no subfreezing nights. Last year, the gang ran into an 8-degree night at Marathon.

Daffynition by R. C. NORRIS: The folks who never get hurt on the ski slopes are called "The Unscrutables". Oh well.

WILLIS HEWATT reports his session of the recent high school Career Conference went very well indeed. Incidentally, he had Dr. Cortell Holsapple, Jr., and Dick O'Neal (the former cage star now a dentist here) on his panel. Wrote one student: "The conference provided me with a much greater incentive". Now if we can just improve his spelling!

DESIRE LIGETI sings a program of Gounod, Bizet and Mussorgsky for the French Club tomorrow (Thursday) morning at 11 a.m. in Room 103 of Ed Landreth. CAROLYN RANKIN will be the accompanist and everyone's invited.

LeROY ERWIN of E.C. faculty has earned a \$150 award from General Dynamics for his article, "Potential Cost Reductions from Dimensional Tolerances of Drawings" which has been accepted for publication in the Journal of Value Engineering. GD/FW pays a cash award for each such professional attainment.

Chancellor M. E. SADLER was quoted extensively in The Dallas News of Jan. 31 on the controversy raging in football circles over "red-shirting" (holding players out a year). Dr. S. has very strong convictions the practice should be stopped as it is "contrary to the theory of the student-athlete".

W. O. MILLIGAN of Research Foundation will be honored by the Division of Colloid and Surface Chemistry of the American Chemical Society in Detroit April 7. He will receive a certificate of merit for his many contributions to colloid science. Mrs. Milligan will accompany W. O. to Detroit.

NEIL HULINGS reports that the installation of a campus chapter of Phi Sigma, national honor society for promoting research in the biological sciences, went very well last week. Joe Britton was elected student president.

KEITH TURKETT and family visited with friends at Sam Houston State recently. Reports seeing DR. JOSEPH L. CLARK (our Valuable Alumnus of 1964) who had just been inducted into the Order of Knights of San Jacinto in Houston. The honor is conferred by the State Organization of the Sons of the Republic of Texas. As the son of Randolph Clark, who was born in the Republic of Texas in 1844, Dr. Joseph also qualified for the title "A Real Son of the Republic". Quite an honor and we're really happy for him.

FACULTY BULLETIN/7

MORE NOTES ON FOLKS OF NOTE

WALTHER VOLBACH was delighted recently to receive from a lady in Switzerland an original sketch of Adolphe Appia who designed it in 1904. Walther, as you know, has done extensive study on Appia (40 essays on the subject he's translated from French into English will be published by UofMiami Press under the auspices of the American Educational Theatre Assn.) and the sketch was the gift of the widow of an Appia friend. A biography Walther's been working on for years has been taken on option by a well-known university press.

Faculty folks can take the upcoming special course on Income Tax for half-price--only \$12.50, according to HOWARD WIBLE. Applications will be taken thru Thursday night. CHARLES FOOTE is the instructor for the five-week course. Call Exts. 291 or 313.

JIM WHITSETT was one of 15 Texas "educator guests" of the American Bankers Assn. at its Credit Conference in Dallas last week.

THEODORE BEASLEY, one of our Trustees, has been named a vice-chairman of the new Development Council of the Texas Assn. of Christian Churches. A \$5,365,000 program has been projected, including a "\$600,000 educational building for Brite Divinity School" and \$300,000 for Jarvis College.

PAUL C. YOUNG spoke to a group of about 175 teenages from the Methodist, Episcopal and Christian Churches in Midland recently. Reports he contacted two prospective TCU students.

AUSTIN PORTERFIELD's 1946 book, "Youth in Trouble" will be distributed in microfilm under a contract just signed with University Microfilms, Inc., Ann Arbor, Mich. While out of print for some time, the study is still a standard sourcebook for many sociology courses. One of our grads, doing advanced work at UofKentucky, reported that one of her profs quoted extensively from it in a first lecture on criminology. Incidentally, Austin has accepted an invite to give a paper, "Criminological Research Needed on the Adjustment of Psycho-Cultural Stress to the Weight-Load Capacity of Populations at Various Stages of the Life Cycle", at the Fifth International Congress of Criminology in Montreal next Aug. 29-Sept. 3.

JERRY MICHEL has been notified that his study, "Legislative Decision-Making: A Case Study of Reference Behavior", will be presented at the annual meeting of the American Sociological Assn. in Chicago in August. Good work, JERRY.

LYLE KENDALL and co-author James Bratcher have been notified that their "Two Further Footnotes to An Enquiry" has been accepted for publication in the Spring edition of the Texas Studies in Language and Literature. It deals with the relationship between the literary forger, Thomas J. Wise, and his supposed accomplice Henry Buxton Forman.
