LAST WEEKS OF 92ND SESSION

Two weeks from tonight in Daniel-Meyer Coliseum, Gov. John B. Connally will address the largest graduating class in our 92-year history. It will be the last Commencement over which Dr. M. E. Sadler will preside as Chancellor. Indications are we'll hood some seven Ph. D. candidates and award some 730 other degrees. 'Twill be an evening to remember and all faculty folks are urged to make plans now (see last page of this Bulletin).

Remember too, this is the last day for dropping a course. "Dead Week" opens tomorrow (Thursday) with final exams starting a week hence. Our last faculty luncheon is set for next Wednesday. Things move toward the final curtain.

*** **

LARRY SMITH RETURNS TO ACADEMICS

Last week's announcement that Dr. L. C. Smith, Vice-Chancellor for Student Life, had accepted appointment as Academic Dean of William Woods College in Fulton, Mo., came as no real surprise to close friends. For a long time, Larry has had a deep hankering to return to the academic area of college work. As you may recall, he came to us in the Summer of 1956 as professor of philosophy but before reaching campus, was asked to assume the additional duties of Dean of Students as Dr. T. F. Richardson retired.

He did a terrific job too, quietly building up a real "Personnel Division"--sometimes under trying conditions. Friends were fond of pointing out that while you didn't HAVE to be a professor of philosophy to be Dean of Students, it sure helped. Larry used all his skill, patience and learning in the exacting job. But underneath, you always suspected he longed to return to the classroom and the more scholarly pursuits. He's been an effective staff member, a good friend, fine administrator. The whole campus wishes him the "very best". Howard Wible, who takes over as Dean of Students, has all the qualifications too. We predict he'll do a top job.

FACULTY BULLETIN/2

MUCH GOING AND COMING O'ER CAMPUS

As per always at this time of year, news of goings and comings by faculty and staff is heavy. 'Tis said 25% of U.S. families change addresses annually and while the turnover on campus is well below that figure, there are always many changes. Nor are all reports in as yet. A number of new appointments are pending. In any event, here's a partial list at this time:

GOINGS--Dr. M. E. Sadler (he's not going far but will change title and office downtown), V-C W. O. Milligan, V-C Laurence C. Smith, Librarian Glenn Sparks (to finish that Ph. D. at UofMichigan), Lt. Col. John Swango and Capt. Jim Hutter (transferred), Win Manning, Frank Greenwood, Jim Purcell, Ruth Todasco, Richard Waits, Carolina Lawson, Mal Fowler, Doyle Cutler, Peggy Mayfield, Linda McKinnon, Richard Smith, William Hendon, DeWayne and Janet Nymann. Going on leave are George Fowler (Fall semester), Wayne Rowland, Harold Lunger. Continuing on leave are Wylie Alford, David Graham, Harold Andrews, Fred Christen, Stan Reiff. Retiring, of course, are Charles and Mirth Sherer, Walther Volbach, Dorm Hostess Mabel Morton.

COMINGS-- Dr. E. Leigh Secrest, president of Research Foundation and Dean of Grad School; Herb LaGrone, Dean of Education; Fernando Schaffenburg, chairman of Ballet; Dr. A. Campbell Garnett (Philosophy), Dr. John A. Carroll (History), Dr. William C. Massey (Anthropology), Dr. Mary Ann Wimsatt (English), Fred Erisman III (English), Donald R. Market (Economics), Robert A. Olsen (Brite Librarian), Lorraine Simpson (Home Eco), Maggie Moar (Ballet), Anna Harriet Heyer (Music Library), Lt. Col. Donald Thompson and Capt. James Marek (Army ROTC), John W. Bohon (History), Stephen Larsen (Biology), Oleta Wittenmyer (Serials and Binding Librarian), Rita Connally (Nursing), Martha Ackert (English), George Harris (Phys Ed), Joe L. Steele (Business). Returning from leave are Bob Carrell (Journalism) and John Stevenson (Business).

(- - - - -)

COMMITTEE TO STUDY LIGHTING

An ad hoc committee of L. W. Ramsey, Deans Jo Ann James and Jewell Wallace, A. Melton has been asked by V-C L. C. White to study additional lighting needs for the campus and nearby streets. They will "determine what is required, desirable and feasible" since it is obviously impossible to illuminate the entire campus area. Since Ye Ole Ed rarely gets out after dark, he's gonna have to depend heavily on the young committee members. In HIS day, the campus was lit by candles and whale-oil lamps. We predict the other committee members will do a very good job.

REMINDER: TRAVEL TAX FREE

Be reminded that under the law, TCU faculty and staff members are exempt from federal taxes while traveling on University business by train, plane or other "common carrier". However, it is imperative that EACH person ordering such tickets present a tax exemption certificate to the agent at the time the order is placed. These can be obtained from the office of L.C. White, V-C for Fiscal Affairs. Under our policy, the University is unable to reimburse employees for amounts included on their travel tickets as federal excise taxes. So please, get those certificates in advance.

The only requirement for exemption is that the staff member be traveling on University business. Travel on sponsored research grants also qualifies but travel for another organization (such as professional associations) does NOT.

*** **

"THANKS" FROM MISS McDONALD

'Twas a grand party the campus secretaries gave for Lillian McDonald (who'll be moving to that downtown office with Dr. Sadler) last week. The story can best be told by quoting from her note of "thanks" to her many friends: "You cannot possibly know how very much I appreciated the lovely party...Until we gathered together I had not realized how many nice people are in the offices on the TCU Campus.

"While I will not be among you every day now I shall hope to see you from time to time as we go about our work. Thank you so much for the beautiful Lenox desk set. It is the prettiest I've ever seen. I shall keep it before me and think of our good friendship... And I want to mention the gorgeous orchid. As you know, it practically 'stole the show', and it really should it was so beautiful.. It was indeed a gala day for me and one I shall long remember." Well said, Miss Mac, and everyone was happy you were so happy!

APPLICATIONS FOR FOOTBALL TICKETS

Frank Windegger calls attention of one and all to the fact that applications for faculty football tickets to next Fall's games will be included in our next paycheck envelopes. They should be filled out promptly and returned to the Athletic Department. Deadline is June 15.

As you'll recall, these faculty applications are filled during the Summer and those who fail to get their orders in may have to take their tickets from those available when they do get around to applying. So don't delay on this.

RONALD REAGAN HERE JUNE 6

A special invite for all TCU folks to attend a talk by Ronald Reagan in Will Rogers Coliseum the night of June 6 has been received from friends here. The veteran actor, who has given some indication he may jump into California politics soon, is a graduate of Eureka College, our sister institution of the Christian Churches in Illinois. In fact, he was captain of the football and swimming teams there before taking his degree in sociology. Tickets to the talk here will be \$1 and can be had at Central Ticket office or by calling PE2-5811.

() () () ()

NEW "MESSAGE" TO PARENTS

When grade reports go out to parents of our undergrads in June, a new little publication called "A Message to TCU Parents" will be included. Opening with a cordial greeting from Dr. Sadler, it includes news of Commencement, registration dates, next year's Select Series, Parents Weekend, Homecoming, the Fall semester calendar, other items of interest to families of our young folks.

*** *** ***

PHYSICS COLLOQUIUM FRIDAY

Dr. Winfred Salisbury, chief scientist of Varo, Inc., at Garland, speaks on "The Generation of Visual Radiation by Free Electrons" before the Physics Grad Colloquium Friday afternoon in Room 151 of Winton-Scott Hall. An opening coffee session is set for 4 p.m. The interaction of a beam of electrons with a metallic diffraction grating to produce visual and other radiations will be presented. Anyone interested is invited.

::: ::: :::

KAY FORMAN HONORED AT 80

R. C. (Kay) Forman, who has been teaching in our Evening College since 1943, got a large surprise last weekend. Lured out to the Knights of Columbus Hall in Arlington, he was given a combination appreciation and birthday party by friends and former students. For a bright young man of 80, Kay is busy indeed. He's teaching four courses at the electronic data division of Ling-Temco-Vought and one class on campus. His newly completed book on practical speaking is in the hands of a N.Y. publisher. Warren Agee reports he's one of the sharpest teachers on the E.C. staff. Congrats to him.

BOOKS FOR JARVIS COLLEGE

The Greek Council of Chaplains is again sponsoring a drive to collect books for Jarvis Christian College. Needed are textbooks, reference books, professional journals, "good" paperbacks or anything appropriate for a college library. Collection boxes will be placed in dorms, SC, Library and the office of Religious Activities (Sadler 106) from today (Wednesday) until June 2. Everyone is urged to ask their students to donate any books they do not wish to keep--and to give any volumes no longer needed. 'Tis a good cause.

/// /// ///

"THANKS" FOR \$500,000 GIFT ✓

Dr. Sadler has acknowledged with deep gratitude the recent gift of \$500,000 from the Moody Foundation of Galveston. We will receive \$100,000 each year starting July 6. The Chancellor indicated that we now plan to use the funds toward construction of the Research Laboratories which will cost an estimated \$4,500,000 and still holds top priority in our building program.

Oooooooooo

NOTES ON NOTABLE FOLKS

EARL RANKIN attended the annual meeting of the International Reading Assn. in Detroit recently presenting a paper on "A New Technique of Measurement".

FRANK REUTER and W. C. NUNN attended the Mississippi Valley Historical Assn. meeting in K.C. a week ago where Harry Truman was a guest speaker. They also toured the Truman Library. Incidentally, W.C.'s article, "Incentives for the Potentially Creative", appeared in the May issue of The Eleusis of Chi Omega.

BILLY TURNEY of Education spoke on "Anti-American Riots in Panama" before the Marine Reserve here a week ago. His was a first-hand account since he was serving in the Canal Zone Schools during the 1964 troubles.

LAWRENCE HANLEY has been named to University Council for next year by School of Fine Arts. It will be his second term, having served 1959-60. Incidentally, wife Kathleen composed words and music of a new work for women's chorus called "Song of a Forest Bird" which has just been published.

DR. SADLER has accepted reappointment to the National Citizens Committee of the United Community Campaigns of America.

FACULTY BULLETIN/6

MORE NOTES ON NOTABLE FOLKS

ALVIN NELSON of Philosophy attended the meeting of the Western Division of the American Philosophical Assn. in Chicago early this month.

Our Faculty Quartet, ARLENE SOLLENBERGER, KATY DACUS, IRA SCHANTZ and DÉSIRE' LIGETI, sang Brahms's Liebeslieder Walzer, Op. 52, before the Morningside Junior High PTA recently. CAROLYN RANKIN and MRS. WORKMON accompanied.

JOHN WORTHAM was mighty proud recently when Senior Richard Kazda was named outstanding economics student of the North Texas area by the Dallas Economists Club. Both got their pictures in the Dallas News.

NEVIN NEAL has recovered nicely from a recent operation for removal of a kidney stone. They're painful things.

DEE KEETON and CLIFF MURPHY presented a paper, "Fisheries and Limnology of Benbrook Lake", at a joint meeting of the SW Assn. of Naturalists and American Society of Ichthyologists and Herpetologists at Tulane recently. WILLIS HEWATT reports the daytime sessions were held on campus--and the evening events in Vieux Carre' in ole New Orleans. Sounds reasonable!

House for Sale: A three-bedroom, one-bath home at 2500 Rogers (across from Means Apartments). Call Ralph Sanders at AX2-2359.

Recently, WARREN AGEE furnished several copies of Ye Ole Bulletin to Dave Cheavens, former newsman now P.R. director at Baylor. Said Dave: "The masthead is most attractive and what impressed me most was the informal, chatty style of writing plus the wide range of topics included. It will be useful in planning our Bulletin for next year".

Still for Rent: The HAROLD LUNGER home at 3104 Bellaire Drive West for one year, beginning July 15. Is fully furnished. For details call WA7-7762.

Congrats to NEIL HULINGS on being named "Prof of the Year" by Student Activities Council. The young man has really been doing a top job in many areas of campus life and richly deserves the recognition.

FACULTY PROFESSIONAL'S BACCALAUREATE-COMMENCEMENT

FACULTY BULLETIN/7

MORE NOTES ON FOLKS OF NOTE

Congrats to ALLIENE HARDER on being named first vice-president of the Assn. for Student Teaching of the Texas State unit. She was elected during the recent meeting in Austin.

Capt. CHARLES M. CHAMBERLIN has been nominated by Fourth Army to replace Lt. Col. GRAHAM KENT as assistant prof of Military Science. Graham is due for transfer soon.

ALEX HOFFMAN of Computer Center will be in N.Y. late this month for the International Federation for Information Processing Congress. He also plans to visit the national office of IEEE and discuss his new responsibilities as editor of Geoscience Electronics.

EDNA BRANDAU, hard-going head of Home Economics, has made extensive plans for a three-week workshop called "Seminar on Wheels" to be held July 18-Aug. 6. The class, limited to 32, will travel by bus to industrial plants and historical collections over the State.

JEROME MOORE spoke to the Sunday morning service of First Christian Church in Denton (where he was a member for 15 years before coming to TCU) recently. Topic: "Higher Education Institutions Supported by the Christian Churches". He was delighted to find a full color picture of our Library and Religion Center on the program cover and a good statement about our work. Rev. Roy L. Martin, a Brite grad, is minister in Denton.

FACULTY PROCESSIONALS BACCALAUREATE-COMMENCEMENT

The Faculty will assemble for Baccalaureate on Sunday, May 30, at 7:00 p.m. on the walk south of Landreth Hall. (In case of inclement weather, the processional line will form in the north hall of Landreth Building.) Faculty members are requested to arrange themselves in two lines of equal length as quickly as possible. The processional will move into the auditorium promptly at 7:30 p.m.

For Commencement Exercises the night of Wednesday, June 2, the processional will form at 7:00 p.m. between the Stadium scoreboard and the basement or service entrance to Daniel-Meyer Coliseum. The faculty group will form at the head of the graduating classes or closer to the Coliseum entrance. (In case of rain, the place of assembly will be just inside the service entrance). The processional will move onto the main floor of the Coliseum promptly at 7:30 o'clock. Faculty members with regalia may drive in the South Gate of the Stadium Grounds and use the parking lots south and west of the Stadium if they wish.

Again, Faculty members are asked to assist the Marshals by forming two lines of equal length as quickly as possible after reaching the assembly areas.

-----Tear Here-----

Since we will have over 700 graduates this Spring, it is very important for us to know how many seats will be needed for the Faculty at both Baccalaureate and Commencement. Please tear off, fill in and return this form at your earliest convenience and no later than Friday, May 28, at the latest.
