

TO ALL MEMBERS OF THE TCU FAMILY:

Comes now, for the 93rd time, the wonderful Christmas season to a TCU campus. Outwardly perhaps, the celebration of Christ's birth by our University and its people has changed remarkably from the relative quiet of the pioneering days at old Thorp Spring.

We become aware too that in many subtle but deeply-felt ways, each Christmas differs from the rest. For much of our own joy and sorrow, disappointment and hope, anxiety and anticipation are woven into our memories of what is essentially a spiritual experience.

How shall we recall Christmas of 1965? For Lucille and myself, it must always be one of the most significant of our lives. For we are not only deeply aware of the great responsibilities we have assumed but of our complete dependence on you--the Campus Family. We are grateful for a first opportunity to express our gratitude and appreciation to each and every one of you. May the holidays bring great joy to every home; may we all face the New Year with a deeper dedication as we continue the great work in which we are engaged. Our hearts are full as we wish for all of you

A MOST JOYOUS CHRISTMAS SEASON!

FACULTY BULLETIN

COMES NOW ANOTHER JOYOUS SEASON

While we're pretty sure no one really needs reminding, the Christmas Recess begins at 10 p.m. next Tuesday. Classes will not resume until 8 a.m. Monday, Jan. 3 (and that's 'way next year!') So for 12 calendar days, students and profs can watch for Saint Nick, visit around with friends and relations, eat mountains of turkey and pie, attend the Sun Bowl game--and maybe worry just a little about term themes, final exams and such.

Administrators and office workers wont have quite as much time to have "fun". Their holidays are Dec. 24-25-26 for Christmas and Dec. 31, Jan. 1-2 for New Year's. And incidentally, EVERYONE is reminded that in one respect Ole Santa will come early with December paychecks to be ready in the Business Office next Monday--Dec. 20. Just keep in mind that the next ones will not be coming along until Jan. 26--the final day of Fall semester.

Actually, the campus will be far from deserted during the holiday period. Just for ready reference, here's a partial calendar of events for the rest of 1965:

- Dec. 16- Faculty Christmas Party, 6:30 p.m.
- Dec. 18- Basketball, Frogs vs. UofHouston, Coliseum
- Dec. 18- Performances of Ft. Worth Ballet Assn., Landreth Auditorium, 2 and 8 p.m.
- Dec. 19- Concert by TCU Schola Cantorum, Landreth, 3 p.m.
- Dec. 20- Paychecks ready in Business Office; Service of Candles and Carols, Robert Carr Chapel, 9:30 p.m.
- Dec. 21- Basketball, Frogs vs. Oklahoma City U., Coliseum
- Dec. 31- Sun Bowl, Frogs vs. Texas Western, El Paso

Meanwhile, Ye Ole Faculty Bulletin (a bit stopped and worn but still pretty vigorous after 41 years) wishes each and every TCUser everywhere the

MERRIEST OF CHRISTMASSES! THE FINEST NEW YEAR!

FINAL CAMPUS SERVICE MONDAY NIGHT

As indicated above, there will be a fine Service of Carols and Candles in beautiful Robert Carr Chapel next Monday night at 9:30 o'clock. Very likely it will be the last campus event before the Christmas break. It is being sponsored by the Greek Council of Chaplains and the entire University community will be most welcome, according to Religious Activities Adviser Bill Bailey. Emmet Smith will be at the organ and students Buz Lawrence and Susan Bailey will take part. In such a setting, it should be a very beautiful Christmas service indeed.

FACULTY PARTY THURSDAY NIGHT

The tables are being decorated today (Wednesday), tuxes and evening gowns made ready, food prepared and the program all set for the annual Faculty Christmas Dinner which gets underway Thursday evening at 6:30 in Student Center. Hope everyone remembered to make their reservations in time (last Monday) and are ready for fun and frolic. Dr. Sadler is to give the invocation and Dr. Moudy will bring Christmas greetings. Later, there will be singing (we hope) and even later, those who wish may gather in the Faculty Lounge for games, coffee, conversation and just visitin'. See you there.

... ..

HOME ECONOMICS PARTY TODAY

Hope everyone gets this Bulletin in time to be reminded that a "Taste of Christmas", the Home Economics Department's annual party, is being held Wednesday afternoon from 2-6 o'clock. Just drop by Sterling House at 2918 W. Lowden and you'll get a warm welcome.

MRS. CHATHAM HEADS PRINTING & MAILING

Effective last Monday, Harriett Chatham<sup>✓</sup> has been named to head our Printing & Mailing Room operation in the basement of Sadler Hall. A member of Ex-Students Office staff for some time, she knows the campus well and has gone to work with a will. She replaces Mrs. Helen Jenkins<sup>✓</sup>, that very fine lady who has headed P. & M. for low these many years but who has had to be away from the job for several weeks because of illness. As a matter of fact, Helen's doctors are just not sure when she can resume working.

We know everyone on campus will be most anxious to help Mrs. Chatham as she takes over her new responsibilities. Things can get pretty hectic in Printing & Mailing every now and then so 'tis hoped everyone will read again the rules and regulations governing the operation of this most helpful facility. Usually the biggest problem comes when folks simply don't allow enough time for big jobs. Please do all you can to help and thanks.

A thick booklet of Government employees and officials who can speak with authority on many subjects has come to hand from the Regional Director of the U.S. Civil Service in Dallas. It is a most impressive listing and should anyone like to look over the possibility of speakers, Public Relations has a copy.

SECRETARIES INVITED TO FC MONDAY

All regular campus secretaries are cordially invited to drop by the Faculty Center next Monday (Dec. 20) for a complimentary cup of coffee and Christmas fellowship. They will be welcome any time during the day; Faculty Social Director Ina Rivers Jarman reports. So you all come!

COOPERATIVE PROGRAM WITH BELL

As you'll recall, we recently worked out a work-study program with Ling-Temco-Vought under which students can get a degree in physics over a six-year span. Tom Palmer, Director of Courses for E.C., now reports a somewhat similar plan with Bell Helicopter Co. As we understand it, the firm may already have employees who will participate (in math or physics) or they would be interested in promising students who might come to the attention of TCU people. They prefer men or women with two years of college work regardless of field of study. Should we identify a likely candidate, we are to contact the company for help. We'd suggest that if you know of such a student you call Tom Palmer for suggestions.

PASTORAL CARE TRAINING CENTER ✓

Last week, the family and friends of the late Dr. James T. McKissick made a gift of \$10,000 to launch a pastoral care and training center in Brite Divinity School. To be administered by the Brite trustees, the program will help ministers, laymen and church members to find answers to some personal-professional problems. Dr. Charles Kemp, Distinguished Professor of Pastoral Care, will be in charge. Many advanced students of Brite will be enrolled.

Dr. McKissick was a TCU graduate who served more than 60 years in the ministry. Dean Brigham of our Development Division and personal friend of the family, helped work out the details for the new program.

UOFT TO RETAIN OLD FALL CALENDAR

Calvin Cumbie passes along the interesting word that the University of Texas, thru faculty action, has overthrown the proposal to start Fall semester early and end final exams before the Christmas holidays. As you'll recall, SMU has adopted such a calendar change for 1966. At UoFT, a faculty committee voted to follow suit but so many protests arose a full meeting of the faculty was called at which the action was disapproved.

T. E. A. TEAM TO END VISIT

The team from Texas Education Agency which has been visiting with administrators and faculty members this week will conclude its work Wednesday afternoon and spend Thursday working on its report. Drs. Herb LaGrone, Keith Turkett and Les Evans have been acting as sort of "official hosts".

Among the others interviewed by the visitors were Chancellor Moudy, Dr. Newcomer, Karl Snyder, Bob Carrell, John Hammond, Martine Emert, August Spain, George Reeves, Margaret Rouse, Henry Hardt, Joseph Morgan, Mabel Reavis, John Forsyth, George Tade, Dorothy Bell, John Cogdill, Lawrence Hanley, Karl Richards, Tom Prouse, Ben Strickland, Marjorie Keaton, Sandy Wall, Leigh Secret. A very representative group. We hope the team's official report will be favorable, of course.

NOTES ON FOLKS AT CHRISTMAS TIME

Dr. M. E. SADLER, Executive Chairman of our Board of Trustees, was elected president of the Texas Philosophical Society at its annual meeting at Salado Dec. 9-10.

Congrats to DENNIS SCHICK, JIM LEHMAN and others who work with the Thomas Yates Chapter of Alpha Delta Sigma (Advertising Fraternity). The group was named No. 1 in the Southwest in the official publication, LINAGE, recently.

TELETE LAWRENCE underwent major surgery recently and has now returned home after a 10-day hospital stay. Hope she continues to improve.

MALCOLM ARNOULT spoke to the Dec. 9 meeting of the Optical Society of Texas and Ft. Worth Astronomical Society in Dave Reed Hall. Subject: "Optical Simulation in Space".

Comes a nice letter from Maj. BOB BREEDING, formerly of AF ROTC staff reporting that he completed an M.S. in Logistics Management in August and is now assigned to Sioux City AB. He is continuing his love of teaching and is a part-time member of the faculty at Briar Cliff College there. Sends some paragraphs from their Faculty Bulletin on teaching which we'll try to extract after the holidays.

NOTES ON FOLKS AT CHRISTMAS TIME

A very good report on the behavior of our students during their Homecoming Dance at Will Rogers Memorial Center (from Manager B. Don Magness) was most pleasing to Chancellor J.M. Moudy. He passed the word to Dean HOWARD WIBLE, LIBBY PROFFER and others who have been concerned.

JIM LEHMAN of P.R. and JOHNNY SWAIM of Athletics have been cited by the Student Personnel Staff as two of the most helpful people on campus in administering their program. Congrats to them both.

TULLY MOSELEY was in Amarillo recently where he judged the young artists competition to select a soloist with the Symphony there. Recently, he was given a standing ovation after a concert at the Ft. Worth Art Center. Just before Christmas he will play at Southwestern U. in Georgetown.

BETSY COLQUITT has received word that her poems and articles have been accepted by two publications. "Vacationers at Amecameca" and "Helen Unlored" (poems) will be published in Quartet (the Purdue Foundation) while "Symbolism (an essay) will appear in English in Texas, Volume 1 to be published by TCTE.

According to word from Washington, Dr. MOUDY's discussion on Dec. 3 before the meeting of the Council of Grad Schools was well received. He spoke on "Graduate Student Relations with Faculty and Community".

Not unexpectedly, MARY ANN WIMSATT of English has followed Husband Jim's letter of resignation with one of her own. They'll be leaving at the end of the school year and Jim writes that his new post is at U.N.C. in Greensboro, N.C. -- not Greensboro College as previously reported.

MAURINE PENDERY, correspondence secretary for Grad School for several years, is retiring. She was honored at a "Coffee Break Party" last Friday. She'll leave the staff at the end of December and we all wish her the very best.

Dr. CHARLES KEMP of Brite has been named to the editorial board of Pastoral Psychology, the leading journal in the area of pastoral counseling.

Dr. JACK SUGGS goes to Nashville Dec. 28-31 for meetings of several biblical societies. He'll preside as chairman of the American Textual Criticism Seminar, attend sessions of the American Schools of Oriental Research, American Academy of Religion and Society of Biblical Literature, and serve as regional member of the Council of the Society.

## MORE XMASTIDE NOTES ON FOLKS

MARJORIE MOORE was guest speaker on "Education of the Deaf" before Kappa Delta Pi, honorary society in Education, at NTSU in Denton last weekend.

Our Geology folks have been bee-busy. DAN FERAY and ED HEUER led a field trip to the Bridgeport area and LEO HENDRICKS took a group to various Cretaceous localities last weekend. ART EHLMANN and JACK WALPER led a field trip to East Texas and then headed a group to the meeting of the Texas Academy of Sciences in Dallas. Students Herman Jackson and Victoria Tracy gave papers.

DESIRE LIGETI, sang the bass solo, "Lord, God of Abraham", from Elijah at the Unitarian Church last Sunday. MARGARET POTTER accompanied.

TOM PROUSE, JIM STANDIFER, MAYBELLE TINKLE, BILLIE SUE ANDERSON and CAROLYN DIXON attended the Texas Assn. for Health, Physical Ed and Recreation Convention in Houston a week ago. Maybelle will serve as chairman of the college administrator's group and as chairman-elect of the College Women's Physical Ed Section at the 1966-1967 convention. Jim and Carolyn were members of the Representative Council.

Jan. 20-21 - Final Exams  
Jan. 28 - High School Citizenship Report Conference  
Jan. 31-Feb. 2 - Registration for Spring Semester

## ANOTHER BRIGHT NEW YEAR

So here's 1966! As per always, 'twill take us off to the start dating checks and things correctly but we'll manage. Perhaps it will be of passing interest to you that we are now in the University's 93rd calendar year, and thru its 93rd long session, which means of course 93 years hence (during the 1972-73 school year) we'll be celebrating our 100th anniversary.

There's still much to be done before that. We're at the stage. There are buildings to be built, program equipment to be supplied, students to be recruited, and so on. And every now and then, we'll have to look at where we are and where we're headed, what we've done and if we're on target. Yep, we have a long way to go before we reach the ripe young age of 100.
