HIGH HONORS FOR RETIRING FOLKS

As always, the Candlelight Dinner which brings the Faculty social year to a close tonight (Wednesday) will be a happy occasion--with a sad note. Formal dress, good food, fine conversation and a moving program of ballet will make it fun. At the same time, the formal presentation of the Trustees' Certificate of Appreciation to those retiring after so many wonderful years is always sobering. The Citations, incidentally, were prepared (and will be read) by close friends and colleagues of those retiring.

In addition to those receiving the cherished awards, we will recognize such Evening College veterans as Owen M. Jones, Bennett Smith and Arthur (Rosy) Rosenthal who are also retiring this year. Owen has a record of 23 years of teaching on campus. Also receiving bows of appreciation will be such ROTC folks as Col. Chet Bogle and Capt. Pete Webber who are transferring after the usual tour of duty. So, as we wind up another long session of work we bid a sort of "official farewell" to some very fine people. A sad-glad occasion indeed.

() () () ()

PLANS COMPLETE FOR CEREMONIES

With Dr. George Fowler serving again as chief marshal, with Dr. Donald Cowan of UofDallas set as Baccalaureate speaker, with Jim Farrar's Public Events Committee all set on details, we're ready for the annual year-end ceremonies. To repeat, both Baccalaureate and Commencement will start at 7:30 p.m.--on May 29 and June 1, respectively. Academic processional will open both.

A few changes will be in evidence. At Baccalaureate, it is planned to seat the Faculty on stage. At Commencement, the platform party will enter the Coliseum last in the processional. There will be no "main speaker" but Dr. Moudy will make the "Chancellor's Remarks". Let's be ready.

COMINGS, GOINGS AT YEAR'S END

As observed here recently, it always seems that the faculty-staff is being decimated at this time o' year. 'Tis normal, of course, as folks retire, are transferred, get leaves and resign to accept new challenges. But as usual, there are more coming than going. For instance, a quick check shows 32 new faculty members have been announced--15 of them holding doctoral degrees. In an effort to put things into perspective, here's a partial listing at this time of full-time members:

GOINGS: Retiring--Dr. Austin Porterfield, Dr. Herb Mundhenke, Dr. W.J. Hammond (deceased), Burl Crouch, Thurman Morgan, Lilita McCorkle. Transferred--Col. Chet Bogle, Capt. Pete Webber. Leave-of-Absence(new)--Dr. Joe Hodgkins, Dr. E. J. Akutowicz. Resigned for new posts--Dr. Dan Feray, Dr. Lyle Kendall, Dr. John Everett, Dr. James Wimsatt, Dr. Arthur Ullman, Fred Christen, Dr. Mary Ann Wimsatt, Dorothy Shuler, Erna Marie Moore, P. J. Nicholson, Burton Patterson, Donald R. Market, Billy Adams, Capt. William Coupland, Dr. Gene Lynch, Janie Flynt.

COMINGS: Staff-Faculty--Dr. William E. Tucker, Asst. Dean and Assoc. Prof. Church History (Brite); Dr. Robert M. Taylor, Prof. of Geography and Chairman of Department; Walter R. Naff, Director of Field Service and Asst. Prof. Church Administration (Brite); Lili Kraus, Artist-in-Residence.

Full Professors--Dr. John E. Perkins, Economics; Dr. Jean Autret, French.

Associate Professors--Dr. Ronald C. Dillehay, Dr. Theodore R. Dixon, Dr. H. Wayne Ludvigson, all Psychology; Dr. Anthony Rivas, Spanish-Latin; Dr. Wyatt E. Stephens, Special Education; Dr. C. Richard Waits, Economics; Dr. Hunter Beckelhymer, Homiletics; Dr. Friedrich R. Alber, German.

Assistant Professors--Dr. John Albright, Chemistry; Dr. C. K. McFarland, History; Durward Smith, Biology; Neil Daniel and Bobbye Jack Frye, English; Lorraine Simpson, Home Eco; Charles R. Combrink, Math; Jeannine M. Greenfield and Pettey C. Steele, Nursing; Dr. N. Ray Remley, Psychology.

Instructors--Jeriel Howard, Michael Peplow, George Pollock, Nancy Knox, English; Ronald Crim Engle, Sociology; Joan Workmon, Music; Marjorie Moore, Speech; Ronald B. Flowers, Religion; Ronald M. Day, History.

A number of appointments are still pending, of course, and the chances are there will be some 35-40 additions to the faculty. And, as they have for several years, the additions promise to outnumber the list of those departing by a modest margin. 'Tis the normal course of things.

PROMISING THEATRE ARTS PROGRAM

That's an interesting program of six plays and two ballet events being planned by the Dept. of Theatre Arts for next school year. The selections were made by Chairman Jack Cogdill with the aid of his faculty members. For ready reference, here's the lineup:

- Oct. 10-15 - "Mary, Mary", Dr. Cogdill directing
- Nov. 14-19 - "Rhinoceros", Dolores Tanner, directing
- Dec. 12-17 - "The Admirable Crichton", Henry Hammack
- Feb. 6-11 - "Death of a Salesman", Dr. Cogdill
- March 17-18 - Ballet, Fernando Schaffenburg
- April 3-8 - "The Children's Hour", Henry Hammack
- May 1-6 - "She Stoops to Conquer", Dr. Cogdill
- May 12-13 - Ballet, Schaffenburg

FLASH--ART EHLMANN NAMED GEOLOGY HEAD

After several conferences with Chancellor Moudy, Dr. Arthur J. Ehlmann has been named chairman of the Geology Dept. effective this Summer. Art, who holds B.S. and M.A. from UofMissouri and Ph. D. from UofUtah, came to us as an assistant prof in 1958. He was made associate prof in 1962 and has been active in research and the work of professional societies. He has a long list of publications to his credit. The new division chief is 38. He and wife Rita have a boy and girl. All of us join in saying "congrats" to the new chairman and we know he'll do an outstanding job.

\$\$\$ \$\$\$ \$\$\$

FLOWER FUND NEEDS HELP--URGENTLY

Ina Rivers Jarman reports that unexpected demands recently have left our "Flower Fund" very weak indeed. In fact, at last reckoning, it was more than \$8 in the RED and some bills are still outstanding. As you all know, this is a voluntary fund among the "Family folks" out of which flowers are sent to those who are ill or have bereavement. 'Tis a wonderful thing as anyone who has received the cheerful bouquets can testify. So if you will, send Ina Rivers a \$1 bill (or just hand it to her in Faculty Center when you're there). Will be most appreciated.

APPLICATIONS FOR FALL DECLINE

As of May 6, applications for Fall entrance had come from 1,836 freshmen--compared to 1,872 at the same period last year, Admissions Director Anna Byrd Wallace reports. However, transfers were up(412 against 352). On the basis of returns so far, Anna Byrd predicts no increase for the freshman class when a tuition increase up to \$30 per semester hour goes into effect. Last Fall, the entering freshman class jumped 28.4%.

CAMPUS SHOT IN NATIONAL AD

Pleased we were over that picture of Sadler Hall that appeared in a full-page ad Ft. Worth National Bank ran in Time Magazine last week. Other pictures, fitted into the CofC's symbol, included a Bell Helicopter, a GD F-111, shot of Carter Museum of Western Art, grain silos, etc. So we were in good company as symbols of City, as Dr. Moudy pointed out in a note to Bank Prexy Lewis Bond.

::: ::: :::

TWO NEW GRANTS RECEIVED

Didja see where R. F. Raeuchle[✓] of Physics has received a new \$43,483 grant from the Atomic Energy Commission to continue his study on the oxidation of metals? He began the work with a \$34,789 award last year. Also last week, Harris College was notified of a \$32,400 allocation under the Nurse Training Act of 1964 to provide help to students working full-time in the nursing program. Under the plan, loans of up to \$1,000 per year can be made and 50% of them cancelled if the student goes into professional nursing.

COFFEE HONOR PLANNED BY SECRETARIES

Agnes Tolson, long-time Printing & Mailing Room employee who retires June 1, and Helen Jenkins, former division head, will be honored by campus secretaries at a coffee in Weatherly Hall Lounge 9:30-10:30 a.m. Friday, May 27. Everyone's invited.

/// /// ///

SWIMMING A VARSITY SPORT

Word is that our Athletic Council has voted to make swimming an official varsity sport starting next year. An unofficial group called "Aqua Frogs" competed some this Spring. J. Philip Brougher, formerly of UofOklahoma, has been coaching the group while working toward a second degree in P.E. He plans to work for a graduate degree next year.

WOMEN'S CLUB OFFICERS INSTALLED

Erline Walker was installed as prexy of the Faculty Women's Club May 10. Working with her will be Mrs. R. B. Cannon and Mary Charlotte Faris as vice-presidents; Anna Byrd Wallace, secretary; Mrs. William Smith treasurer; Bitia May Hall, parliamentarian.

FRANFRED REINECKE, WILLIAM WATSON, JOHN DYAL, JOHN FORSYTH, Also TCU doctoral grads K.G. SEWELL, EUE NORDQUIST.

THE REAL ESTATE MART

For sale: Three-bedroom home, two baths, at 4332 Lanark. Electric kitchen, central air and heat, fireplace in panelled den. Available Sept. 1. Billy J. Adams at WA4-3721.

Wanted to rent: House for the summer by newly married couple; will pay up to \$110 per month. Contact Suzanne Culbertson, 4920 Stadium Drive.

For rent: Two-room apartment near campus (2556 Rogers), available June 1 and thereafter. Call WA4-1748.

/// /// ///

"OFFICIAL ABSENCES" ADDENDUM

The second "Addendum" to Ye Bulletin listing official absences for the last few weeks is included with this issue. Again, this section is stapled separately for filing and additional copies are available for the use of Grad Instructors or others. Just call Ext. 212 for any extras desired.

::: ::: :::

SOME BOUQUETS FROM ALTIZER DUSTUP

Chancellor Moudy (and almost everyone else on campus) took their lumps over the visit of Dr. Altizer to campus some weeks ago. But among the brickbats now and then was a bouquet or two. One came to Dr. Moudy from Mrs. T. O. Carter, Jr. of Ft. Worth who wrote: " I was mainly impressed with TCU and its students. Obviously, both administration and students realize the importance of being open to and trying to understand new ideas whether or not they agree with 'accepted' views... The students impressed me most of all. They were completely attentive during a long and sometimes difficult to understand lecture and absolutely respectful in their questioning. It's nice to know that there are different kinds of college students than those who make the headlines".

NOTES ON RIGHT NOTABLE FOLKS

A surprisingly large number of TCUers served as judges during the International Science Fair in Dallas last weekend: LEO BAGGERLY, RUSS FAULKNER, WILLIS HEWATT, DEE KEETON, HENRY KELLY, PREM MAHENDROO, KEN McLEOD, CLIFF MURPHY, LANDON COLQUITT, JIM DYAL, JOHN FORSYTH, MANFRED REINECKE, WILLIAM WATSON. Also TCU doctoral grads K.G.SEWELL, SUE NORDQUIST.

SAUL SELLS has been named one of the guest lecturers for a short course on "Fundamentals of Space Medicine" to be held at George Washington U. June 6-17. Some of the nation's leading authorities will take part and tuition will be \$375 for the two-week event.

Two of HARRIET WOLDT's students have won fine awards recently. Tommy Morehouse, a Paschal student who enrolls here next Fall, won a scholarship to attend the American Congress of Strings in Michigan this summer. Linda Ferguson, a freshman, took the \$350 E. Clyde Whitlock Club Scholarship in competitive competition at the Woman's Club.

C. E. BLOUNT's research paper, "Method of Sealing Electrical Leads in Low Temperature Dewars", has just been published in the Review of Scientific Instruments. Congrats Dr. B.

KEITH TURKETT worked hard to bring the chapter of Kappa Delta Pi which was installed on campus last week. HERB LAGRONE and JEFF HORN were initiated into the national educational honor society. Keith is a life member.

Repeating: S. W. HUTTON, Registrar Emeritus, is now the Ft. Worth representative of the Bible Hospital in Dallas. Anyone wishing a book re-covered and/or repaired can reach S.W. at WA4-7070 or at his home, 2560 Greene.

JIM LEHMAN reports that the direct mail brochure on the Fine Arts Foundation & Guild Scholarship Fund which won a first place in the Ft. Worth Advertising Club competition, took an "Honorable Mention" in the District Advertising Fed. of America event recently. Competing were top pieces from Dallas, Houston, Abilene, Beaumont, etc.

NEIL HULINGS is preparing for that trip to Moscow where he'll give a paper at the Second International Oceanographic Congress starting May 30. This Summer he's to do research along the coasts of Peru and Chile (starting June 15). Looks like he has a busy schedule.

LEW FAY was the author of a 25,000-word description of tourist attractions in Texas in the new eight-volume Fodor-Shell Guide to the U. S. just published.

MORE NOTES ON NOTABLE FOLKS

BETTY KNOX reports a letter from Station KRLD saying they received many letters of congrats for the broadcast of the Altizer-Weiss debate. In fact, Station Manager Dan McGraw said "we are eagerly seeking programs of this caliber". 'Tis good to hear a kind word, eh?

Ye Ole Ed is most grateful to such friends as KITTY WINGO and TOM PROUSE, among many others, for their kind expressions re the dedication of the 1965-66 Annual. You're all MOST kind.

JIM LEHMAN, hard-working assistant director of P.R., will be installed as president of the Ft. Worth Advertising Club on May 25. He's worked hard for that most active group and the honor is most deserved.

DON WORCESTER spoke on Spain before the Phi Eta National Sorority recently. Colored slides by wife BARBARA, including the showing of a bullfight, added much to the presentation.

JIM KELLY of Chemistry took part in a seminar on his major research project, "Kinetics and Mechanism Studies on Amineborane Reactions", at LSU in early May.

JOE HODGKINS, to be on leave the next two years, plans to depart soon for Washington, D. C., where he becomes assistant program administrator of The Petroleum Research Fund on June 1. His office will be in the American Chemical Society headquarters.

JIM JACOBSEN has received a nice "thank you" letter from Dr. Abe Greines (an old Frog athlete) for letting the band play a "Concert Under the Stars" at the Danciger Jewish Community Center May 8. Dr. Abe is president of the Board of Directors.

KARL RICHARDS has received a letter from Congressman Joe Pool with a photo of an oil painting our department loaned for a display in Rep. Pool's office in Washington. Others came from SW schools. "The paintings have not only added character and charm to my office but have shown the public and my colleagues still another field in which Texans excel," said Joe.

Brite will hood its grads in a special ceremony before Commencement. Ph. D. winners will be presented by Dr. E. Leigh Secrest, Grad School dean, with Drs. Sandy A. Wall and Malcolm McLean hooding. While there will be no formal Commencement address this year, Chancellor Moudy will discuss briefly the school year just ending and the plans and prospects for the future. It will be a fine concluding ceremony.
