Mr. S. S. Williams,  
Postmaster,  
Marshall, Texas.

Dear Sir:

I thank you greatly for your reply to my inquiry about the number of boxes on Route 5, and I yesterday mailed out 350 circulars which should cover the 344 boxes you stated were on the route.

I appreciated your sending me the map, because it showed that the route covered very well the region I had in mind.

I am a little bit puzzled by the numbers shown thereon, however, because it looks like there might be more than 344 boxes. I thought when I was over there a couple of weeks ago that one man gave me an address of Box 523 on Route 5.

If there are more boxes on Route 5 than the 350 for which I sent circulars, let me know on enclosed card and maybe I can send more circulars to cover the rest.

Thanks again for your kind help.

Sincerely,
