Dear Oscar:

It was good to hear from you again and to learn that you are ready to clean up the Harriman meteorite problem. I moved on it immediately but have run into a snag. The slices were prepared long ago, and they have deteriorated slightly with time. I am having them touched up, as they should be in perfect condition when they are returned to you. Our shop is very busy, and this is taking longer than expected. I am sorry if this is causing you inconvenience. They should be in the mail to you within the next few weeks, Thanks for your indulgence.

Sincerely,

Roy S. Clarke, Jr.
Curator
Division of Meteorites
