Mr. H. H. Nininger ,  
P.O. Box 1171,  
Winslow, Arizona.

Dear Mr. Nininger:

I finally shipped the Haskell, Texas, meteorite by express yesterday; it was supposed to go prepaid.

I enclose copy of my notes on the find and a complete detailed map. This gives you full information, and is the way I like to dress these things up, but it takes lots of time--how well you know!

Also attached is a somewhat informal bill of sale I originally got from Mr. Clay Kimbrough. After all, I should show you that I really paid out the amount I collected from you!

Yours most sincerely,
