AMERICAN METEORITE MUSEUM

OPPOSITE METEOR CRATER ON HIGHWAY 66

☆

POST OFFICE BOX 1171
WINSLOW, ARIZONA

April 19, 1950

Dear Friend Monnig:

You will find enclosed a check for \$150.00 which is what you paid for the Haskell stone as we understand it. Were there any expenses connected with it which we should pay?

It has taken us a long time to get to the place where we could spare this and appreciate your patience. Then, too, we had hoped some one would be coming this way who could bring the meteorite.

If you know of a chance to bring or send it that will be fine. Otherwise, please send it via Railway Express, collect.

We thought you might be coming the the meeting of the A.A.A.S. Southwest Division in Flagstaff, April 30.

You may be interested to know that our book - THE NININGER COLLECTION - is being printed now. It is a catalog of our collection, also descriptive material and a resume of our field survey. Many photographs and maps.

We have also just sent off the ms. for the larger book - Introduction to Meteorites - which we have been working on for so long. We do not have a publisher as yet.

Cordially,

H.H. Nininger
