

1972 Sept. 27

Mrs. L. D. McMinn,
Route 4 Box 122
Cleburne, Tx. 76031

Dear Mrs. McMinn:

I am trying to establish the history of a stony meteorite now in the possession of Mrs. J. E. Hawkins of Waco, found by her late husband. Neither she nor her children seem to know anything about when or where he found it or obtained it.

If you can shed any light on this I would be grateful. I have your name and address from Mr. R. A. Smith of Canyon, to whom I had written about these questions.

I understood Mr. Hawkins was once in business in a dry store at Turkey, Texas, and that the object might have come from near there or perhaps Quitasue. Do you know anything about this angle?

When was he living at Turkey---how many years ago? I enclose a stamped envelope and you can just note any answers on this page and return them to me. Many thanks.
