Mr. Jack Lacy,
Turkey, Texas 79261

Dear Mr. Lacy:

This is a non-business letter concerning my hobby of astronomy, and especially meteorites.

I recently came upon a nice stony meteorite which a Mrs. J. E. Hawkins has at Waco, but her husband is dead and she has no idea where he found it or got it.

I understand he was in business at Turkey many years ago as a druggist, and I wonder if you knew him. Evidently he was sort of a rockhound or Indian arrowhead hunter, and I'm trying to find some one up there who knew him in those days.

Thanks.

Yours sincerely,

Oscar Monnig
