

1971 11-19

The Landes, W. Va., **Post Card**

Specimen arrived in good condition

MESSAGE

but it will sometime after Dec 1
before I pay you. Thanks.

It is a most intriguing piece.

If Keil finds anything in the
Jemez Mts. it sure will be an
accident! My Sep. 2 minor fire-
ball looks hopeless. I got the
usual incidental leads on other
possible meteorites & hope to inspect
a 12 lb piece Sunday but it's not
too likely to be meteoritic! *GG*
