AMATEUR ASTRONOMY  
Specializing in METEORITES

1976, August 30

Mr. John E. Welsh,  
4780 Bonair St.,  
Holladay, Utah. 84117

Dear Sir:

I have your name thru a long time acquaintance of mine, Prof. Clyde T. Harday of Utah State University. I was an almost-charter member of the Meteoritical Society, to which he also belongs.

I plan to visit him when I am in Utah the week of Sept. 12th. My primary purpose is to attend a meeting of store principals who are represented by a New York Buying Office; we have a gathering scheduled at the Hotel Utah the first three days of the week.

Clyde tells me you are interested in meteorites and have a specimen you picked up in Arizona. I would like very much to meet and talk with you, with no special purpose except our common interest in this field. I'd like to see the piece you have, if it would be convenient.

Yours sincerely,

*Oscar E. Monnig*

*I would be happy to meet with you perhaps we can have lunch together. Please call 278-6657 in the evening or 972-2000 in the day for our meeting. If you call in the evening I can bring the meteorite with me the following day*

*John E. Walsh*
