Dear Mr. Monnig:

I was delighted to get your manuscript. The only changes I made were addition of the word "Pasamonte" on p. 2, and a few minor corrections on p. 7 (Bondoc is a stony iron; Glenn I (no period) Huss' establishment is the American Meteorite Laboratory). I have also changed the name to Arizona State University. The tone of your foreword is just right, and will lend a warm touch to an otherwise dry tome.

I have sent your manuscript to Pergamon Press. You will soon be informed when you can expect galley proofs.

Best regards.

Yours sincerely,

Edward Anders
