## FLAGS TO BE RAISED THURSDAY

The raising of flags of 25 foreign countries in an 11 a.m. ceremony tomorrow (Mar. 28) in front of Sadler Hall will proclaim the coming of the 8th annual International Festival, to be held Mar. 30-31 in Daniel-Meyer Coliseum. Dr. Ted Klein of philosophy will be the speaker.

The festival, co-sponsored by the International Friendship Club and the Activities Council's special events committee, will be open from 2-5 p.m. both days. The concourse of the coliseum will be filled with displays and exhibits representative of the 25 countries from which students come to TCU. Countries and areas to be represented include Argentina, Bolivia, Canada, Chile, Cuba, France, Germany, Hong Kong, Iceland, India, Indonesia, Jamaica, Japan, Jordan, Korea, Lebanon, Mexico, Panama, Peru, Republic of China, Russia, South Africa, Spain, Thailand and the United Kingdom. Displays will also be presented by the Collegiate Council for the United Nations, the Peace Corps and the Experiment in International Living.

Color slides of historical sites, cities, villages and interesting aspects of the areas will be shown at 2, 3 and 4 p.m., and students from area schools will join their TCU countrymen in presenting music and dances expressive of their homelands at 3:30 p.m. each day. Preceding the Mar. 30 opening will be a 1:30 p.m. ceremony of flags in which area Boy Scout and Girl Scout troops will carry flags from the front of Sadler to the coliseum entrance, where they will be displayed during the festival.

## FACULTY MEETING CALLED FOR FRIDAY

A special faculty meeting is being called for Friday, Mar. 29, at 4 p.m. in Dan Rogers Hall auditorium. Chancellor Moudy will report on the recent meeting of the Board of Trustees and discuss other items of interest. All faculty are urged to be present.

STAGE BAND TO GIVE CONCERT APRIL 2

Vocalist Betty Lynn Buckley, senior who was a featured performer at last year's Miss America pageant, will be featured at the April 2 concert of TCU's 17-member stage band. To begin at 8:15 p.m. in Landreth Auditorium, the free, public program will be under the baton of Director Don Malone, who instructs the lab band in addition to working on his master's degree in theory.

A part of the overall band program, the Stage Band is composed of members of the Horned Frog marching band and/or symphonic band. Selections performed by the musicians include those arranged and composed by some of its members. The concert will be an evening of toe-tapping "memory" tunes and current favorites.

XXX XXX XXX

CHRISTIAN ATHLETES TO HEAR BAYLOR COACH

Coach John Bridgers of Baylor will be the featured speaker at the April 4 banquet of TCU's chapter of the Fellowship of Christian Athletes, which will be held at University Baptist Church. Past president of the National FCA, Bridgers lettered at guard for Auburn University in the early 1940's while earning a scholarship key for the highest four-year grade in the business school. He'll be introduced by P. D. Shabay, president of the TCU organization that seeks to challenge athletes and coaches to influence through their Christian living the young people who admire them as competitive athletes.

XXX XXX XXX

"THE MEDIUM IS THE MESSAGE"....

...will be the theme of the graphic design and visual communication seminar to begin at 2 p.m. today in Rogers Hall auditorium. Presented by the Dallas-Fort Worth Art Directors Club, the session is sponsored by the University primarily for students and teachers of commercial art and design. All interested persons will be welcome. Color slides, commercial displays and a question-answer period will complement presentations by four Dallas artists. Chuck Isoline of the art department is in charge of arrangements.

XXX XXX XXX

PHYSICS COLLOQUIUM THIS FRIDAY

Dr. R. F. Raeuchle, associate professor of physics at TCU, will speak on "X-Ray Studies of Anodic Aluminum Oxides" at Friday's Physics Graduate Colloquium. The program will be held in the Physics Lecture Room 151 in Winton-Scott Hall at 4:15 p.m. A coffee period will precede the meeting at 3:45 in Room 145. Visitors are welcome.

DOVES WIN OUT OVER TURTLES

Last week's Faculty Bulletin quoted Solomon's song of spring from the 1611 translation of the scriptures authorized by King James. However capable the biblical translators were in those days, three and a half centuries have proven them wrong, at least in the interpretation of some words and phrases. The Revised Standard Version of the Bible, compiled in 1946-52, indicates that Solomon did not write of the "voice of the turtle." Instead, he wrote "turtledove." As one of the scholars in Brite Divinity School said, "Have you ever heard the voice of a turtle?" Come to think of it, it has been some time. Still, back in 1611, turtles may have been pretty vocal about spring. At any rate, we'll settle for the new translation. It does seem more logical to say, "...and the voice of the turtledove is heard in our land."

XXX XXX XXX

SOCIOLOGIST TO SPEAK ABOUT ENGLISH MEDICAL PRACTICE

Dr. David Mechanic, sociologist at the University of Wisconsin, will talk about general medical practice in England and Wales at a public meeting, Thursday, April 4, at 7:30 p.m. in Room 205 of the Student Center.

Earlier in the afternoon, Dr. Mechanic will conduct a seminar primarily for those taking part in TCU's medical psychology program. The director of graduate training in medical sociology and mental health at Wisconsin, Dr. Mechanic is the author of three books and many articles written for sociological, medical, psychiatric and related journals.

XXX XXX XXX

PANHELLENIC CONFERENCE SET FOR MARCH 30

The first all-Texas Panhellenic conference will convene at TCU this Friday, Mar. 30, for a sharing of ideas and discussing of problems facing Greek-letter organizations on college and university campuses. Approximately 100 coeds are expected to attend the day-long conference which is being hosted by TCU's Panhellenic Council. Delegates are expected to come from 14 Texas Schools. TCU Dean of Women Jo Ann James will welcome the girls to the campus. Assistant Dean Jan Fleek is assisting TCU students with the planning. Special guests to the conference will include a number of deans from the various schools as well as national Panhellenic officers. Theme for the program is "Panhellenic Reflections."

830 STUDENTS LISTED TO RECEIVE DEGREES IN MAY

A total of 830 students are listed to complete degree requirements and graduate at commencement on May 29, according to a tentative report from Associate Registrar Joe Enochs. Of the total, 179 finished all work for their degrees at the end of the fall semester. The tentative count for the last two years has numbered 761 on about the same date (Mar. 20).

The statistical distribution shows B.A.-231, B.S.-38, B.S. in Home Economics-10, B.B.A.-134, B.S. in Education-122, B.S. in Physical Education-19, B.F.A.-28, B. of Music-6, B. of Music Education-16, B.S. in Nursing-51, M.Div.-1, B.D.-24, M.R.E.-3, M.Th.-2, M.A.-56, M.S.-15, M.B.A.-22, M.E.-12, M.F.A.-7, M. of Music-7, M. of Music Education-1, Ph.D.-25.

The final total of earned degrees conferred May, 1967, was 759. This is the first year for the new Master of Divinity degree offered through Brite Divinity School. Degrees for which no candidates are currently listed include the M.M.S., the M.P.A., and the B.S. (in the School of Fine Arts). Last year's class was the largest in TCU's history.

XXX XXX XXX

TACLD WORKSHOP PLANNED FOR SATURDAY

"Does he hear the sound of a different drum?" is the theme for a workshop planned by The Fort Worth Council of Texas Association for Children with Learning Disabilities for Saturday, Mar. 30, in the Student Center ballroom. The workshop, which is being hosted by TCU's Starpoint School, will include a morning session devoted to elementary school child home management, school adaptation and medical needs; the afternoon session will be devoted to junior high and senior high children.

Topics and speakers include "Early Identification of the Child with a Learning Disability"--Dr. Julian Haber, pediatrician; "Medication for the Child with a Learning Disability"--Dr. Henry L. Burks, clinical director of the Child Guidance Clinic; a panel discussion with Mrs. Edwina Sanders, coordinator, public school speech therapists, Fort Worth Public Schools; and Dr. Alfred Jones, psychologist; "Planning for the Teenager with a Learning Disability"--panel discussion with Mrs. Nancy Vick, director of secondary instruction, Fort Worth Public Schools; Dr. Ben Strickland, director of counseling education at TCU, and Dr. Charles Hagger, psychologist and director of testing and counseling at TWC.

Registration fee for the workshop, which will conclude about 3:15 p.m. is \$2.50, and does not include lunch. Student registration is \$1.

DR. REED TO BE CONVOCATION SPEAKER

Dr. William L. Reed of Lexington Theological Seminary, recently named as incoming chairman of the religion department, will be guest speaker at the April 2 Easter convocation. The annual event is under the direction of the Religious Activities Committee, and 1968 chairman is Olivia Brent, Galena Park senior. The convocation will begin at 11 a.m. in Robert Carr Chapel. Special choir music will be presented.

To assume his TCU chairmanship in September, Dr. Reed will be honored at a 7:30 p.m. reception on April 1, scheduled for the main lounge of the Student Center, to provide an opportunity for students and faculty to meet the internationally known theologian-archaeologist. He was a member of the University faculty in 1946-56, and it was while he co-directed the Qumran Caves excavations that the Dead Sea Scrolls were discovered.

XXX XXX XXX

"SEPARATE TABLES" TO BEGIN MONDAY

The Terence Rattigan drama concerning residents of the Beauregard Private Hotel in Bournemouth, England, "Separate Tables," will open Monday (April 1) for a six-night run at Scott Theater. The TCU theatre arts department's seventh production of the 1967-68 season, the drama actually is two plays in one with some of the characters appearing in both to link the stories together.

To be directed by Dr. Henry Hammack with set design by Jerry Sutherland, the play will begin each evening at 8:15. Reservations may be made by calling the TCU box office, Ext. 243, from 1-5 p.m. daily.

XXX XXX XXX

PLACEMENT BUREAU INTERVIEWS

R. B. Wolf, Director of Placement Bureau, 220 Student Center, announces the following companies will have representatives on campus to interview our graduating seniors:

- April 1--U. S. Treasury Dept-Internal Revenue Service--Business, Arts & Science Majors
- April 1--American Management Assn.--Business & Arts & Science Majors
- April 2--Roadway Express, Inc.--Business Majors
- April 2--Prudential Insurance Co. (District Agency)--All Majors
- April 3--Northwestern Mutual Life Insurance Co.--Business, Arts & Science
- April 3--Dept of Air Force-Contract Management Div--Business Majors
- April 4--Southwestern Bell Telephone Co--Physics, Math & Business Majors
- April 4--Johnson & Johnson (Hospital Professional Div)--All Majors
- April 5--American Institute for Foreign Trade--All Majors

REMINDER ON USE OF PRINTING & MAILING SERVICES

During the past year, services provided by the University's printing and mailing department in Sadler Hall have been steadily improved. New automatic typewriters (formerly Robotype), addressing equipment (Pitney-Bowes), a Xerox 2400, an ITEK platemaster and tying machine have been added to the P&M facilities. As the University's needs continue to grow, so does the demand on the services of P&M. Mrs. Harriet Chatham, supervisor, and her fine staff, including a number of student employees, have been doing a top job in an area where it's nearly impossible to please everybody.

To help them help you, here are a few pointers: 1) Bring in your requests for printing as far in advance of the due date as possible; 2) Be aware of the hours mail must be processed so your letters can be included at times you prefer; 3) Do not use P&M facilities or services for doing personal jobs (All work must be authorized by department to which it is charged); 4) The P&M staff is available to counsel and assist you in determining the best way to have your job printed--ask for their help, in advance; 5) Be patient--some jobs take longer, priority work must sometimes be scheduled ahead of less pressing jobs.

XXX XXX XXX

RECOGNITION FOR WOMEN DUE

Women's Recognition Night, during which a selected number of TCU coeds are "tapped" for membership in Ampersand, the honor organization for outstanding senior women, will be an event of March 28. Featured speaker will be Mrs. Lynn Swann Davis, TCU alumna and women's editor of the Morning Star-Telegram.

To be attended by invited women leaders from campus, the event will include the introduction of sophomore sponsors, installation of officers of Association of Women Students and presentation of the AWS Memorial Scholarship and Elizabeth Shelburne Award for outstanding contribution to student government.

XXX XXX XXX

PRE-DEPARTURE SESSIONS SCHEDULED

For persons planning to participate in the resident study at the University of Nantes, France, to be directed by Dr. Bitia May Hall, and for others interested, pre-departure seminars are being conducted. On April 2 Dr. Spencer Tucker of the history department will discuss France's history from 1918 until the present with special emphasis on that country's government and politics. "French Art" will be the topic of Mrs. Jan Reasoner Ward of the TCU art department on April 18, and Bitia May will describe "The Province of Brittany and the City of Nantes" at the final session, Apr. 24. Each meeting begins at 7:30 p.m. in Room 202 of the Student Center.

TCU AND FORT WORTH SCHOOLS WILL BEGIN COOPERATIVE PROGRAM

TCU and the Fort Worth Independent School District will join in developing new teaching methods in seven elementary schools beginning next September. At one of the schools--Alice Carlson, located across the street from the TCU campus--major demonstration programs will be carried out to see if they should be spread to the entire school system. Commenting on the new program, Dean Herb LaGrone of the School of Education said, "Both TCU and the School District have a long history of cooperation in teacher education. The agreement for closer relationships is ideal for both parties. It will help TCU provide a top-flight teacher education program."

University faculty members will work with the Alice Carlson faculty to carry out at least these two pilot projects: 1) A "continuous progress" program in which pupils will be moved up into harder studies as soon as they are able to handle them instead of waiting to be promoted to a higher class the next year. 2) A "learning resources center" which would include a library of books, films and other aids arranged and operated in such an interesting way that pupils would want to do more learning on their own as well as in the regular classroom. Both pilot projects call for much more personal attention to individual pupils. Thirty-five to 40 TCU seniors will work with Alice Carlson staff as teacher aides, allowing more help for individual pupils.

Other future elementary teachers attending TCU will be observers and helpers at Lily B. Clayton, Bluebonnet, Daggett, B. H. Carroll, Morningside and Ridglea Hills Schools. About 300 TCU students each year will spend a half-day a week in these schools. "Work with the elementary schools will give them one of the best possible laboratories to study the interpersonal relationships between student and teacher," Dean LaGrone said. "In the past," he said, "a future teacher spent about six hours in an elementary school before he began student teaching. Now he'll spend about 400 hours."

Cooperative agreements may be expanded to selected junior and senior high schools in the future. TCU will provide consultants, will help teachers of pilot programs continue their professional development, will provide in-service programs and other professional help.

"We are excited about the venture," said Julius Truelson, superintendent of Fort Worth schools. "First of all, it will mean better teachers--and when you have better teachers, you'll have better schools. We'll benefit. Further, TCU has many resources--particularly human resources such as Dean LaGrone and other faculty members who are leaders in the field--which could be of much help to us. Their work ought not be limited only to the college level. We invited TCU to join us so that we could get some of their theories and new ideas and they could get some of our practical experience. An improved product is bound to result."

SCIENTISTS APPOINTED TO TCU SCIENTIFIC ADVISORY COUNCIL

Thirteen scientists have accepted appointments to the TCU Research Foundation Scientific Advisory Council. The group will meet on campus on April 25-27. Seven of the scientists were among the 18 persons from over the country who made up the 1967 ad hoc Scientific Advisory Council, which recommended, among other things, that a smaller permanent advisory group be named. Six of them are chairmen of science departments at TCU. The acceptances were announced Sunday by Dr. E. Leigh Secrest, president of the Foundation and dean of the Graduate School. Dr. Secrest and Chancellor Moudy are ex officio members of the Council.

"As we move into the sixth year of the Foundation's operation, it is desirable to pause for a review of accomplishments and for charting the next leg of our journey," said Dr. Secrest. "We are most pleased that such experienced and respected leaders of the scientific community are willing to give us their counsel."

Members of the new Scientific Advisory Council are: Dr. E. James Archer, professor of psychology and former Graduate School dean at Univ. of Colorado, consulting editor of two professional journals; Dr. Malcolm Arnoult, TCU psychology chairman; Dr. Werner A. Baum, deputy administrator of Environmental Science Service Admin. (ESSA); Dr. Leslie Chambers, professor of biology and director of Allan Hancock Foundation at U. of Southern California; Dr. Landon Colquitt, TCU mathematics chairman;

Dr. Carey Croneis, chancellor of Rice Univ., editor of a 30-volume series of texts and monographs on the earth sciences; Dr. Arthur Ehlmann, TCU geology chairman; Dr. Willis Hewatt, TCU biology chairman and chairman of TCU Pre-Medical Advisory Committee; Dr. Gerald R. MacLane, chairman of the division of mathematical sciences at Purdue; Dr. Joseph Morgan, TCU physics chairman, director of TCU engineering program and vice-president of TCU Research Foundation; Dr. Phillip Morse, professor of physics and director of Computation Center at M.I.T.; Dr. Harrison Shull, theoretical chemist and graduate dean of Indiana Univ, chairman of National Science Foundation's advisory panel for chemistry and of the Fulbright Selection Committee in Chemistry; and Dr. William B. Smith, TCU chemistry chairman.

Members of the Scientific Advisory Council will be guests at the annual Foundation Awards Dinner on April 26. The event is one of the many activities scheduled during TCU/Fort Worth Week, April 21-27.

LECTURE NOTES BECOME A MAJOR TEXTBOOK

Dr. Donald H. Sanders, associate professor of Management in M. J. Neeley School of Business, has revised his lecture notes into a major textbook published this week by the McGraw-Hill Book Co. The publisher calls it "The first computer book designed specifically for the student managers of tomorrow and the practicing managers of today." The book is described to other educators as "Comprehensive but not complicated...superior to most texts in its treatment of the broader managerial implications of computer usage."

Titled "Computers in Business: An Introduction," the text is the second by Don. His book designed to help small business managers understand computers was published in 1966.

XXX XXX XXX

LIBRARY NEEDS DATA ON FACULTY PUBLICATIONS

The above item about Don Sanders' new book serves as a good reminder that the library is anxious to compile up-to-date information on all faculty publications. It's been five years since a thorough recording of this data has been made and, since the 1962-63 year, many new faculty have come to TCU.

Reference Librarian Mary Charlotte Faris asks that faculty request the appropriate forms (see below) from the Library. Please indicate the approximate number of EACH form you'll need and send the "Form for Forms" (sounds a little like one of Selby Evans' exo-psychology titles) to Mary Charlotte via Inter-Office mail. Thanks very much for your help.

-----Tear Here-----

To: Reference Dept., Library

- \_\_\_\_\_ forms needed for complete book published. (Faculty member could be author, joint author, editor, joint editor, compiler, translator, illustrator, etc.)
- \_\_\_\_\_ forms needed for portion of book published (chapter, essay, story, poem, etc.)
- \_\_\_\_\_ forms needed for a periodical publication (article, story, essay, poem, book review, etc.)
- \_\_\_\_\_ forms needed for technical report.

TEACHER PLACEMENT BUREAU ANNOUNCES INTERVIEWS

The following school districts will have representatives on campus at the Teacher Placement Bureau, Bailey Bldg. 211, during April and May. Appointments for interviews should be made in advance with the Bureau, Ext. 417.

April 3

KILLEEN INDEPENDENT SCHOOL DISTRICT

Mr. Kenyon Clapp, Director of Personnel  
Killeen, Texas

9:00 a.m. to 12:00 Noon

April 4

SPRING BRANCH INDEPENDENT SCHOOL DISTRICT

Mr. Elmer O. Hinkle, Deputy Supt., Personnel  
Houston, Texas

8:30 a.m. to 4:30 p.m.

April 19

HILLSBORO COUNTY PUBLIC SCHOOLS

Mr. Rodney Colson, Ass't. Supt., Personnel  
Tampa, Florida

9:00 a.m. to 4:30 p.m.

April 24

HEMET UNIFIED SCHOOL DISTRICT

Mr. Oscar Blum, Asst. Supt.  
Hemet, California

8:30 a.m. to 4:30 p.m.

April 26

ECTOR COUNTY IND. SCHOOL DIST.

Howard Butler, Director of Personnel  
Odess, Texas

8:30 a.m. to 4:00 p.m.

May 14

BRAZOSPORT INDEPENDENT SCHOOL DISTRICT

Mr. O. Dan Carter, Personnel  
Freeport, Texas

8:30 a.m. to 11:30 a.m.

May 17

SAN JUAN UNIFIED SCHOOL DISTRICT

Mr. William W. Stadelman, Personnel  
Carmichael, California

8:30 a.m. to 4:30 p.m.

XXX XXX XXX

NOTES ON MOST NOTABLE FOLKS

"The Child's World: How He Relates to the Classroom Teacher" was the topic of WYATT STEPHENS, director of TCU's department of special education, when he spoke to the Child Study Center Auxiliary on Monday.

MORE NOTES ON FOLKS OF NOTE

EARL and CAROLYN RANKIN have combined their respective disciplines of psychology and music to write a paper on the subject of "The Role of the Accompanist: A Psychological Interpretation." The article will be published soon in The Music Journal.

Miss RUTH ELOISE SPERRY and Mrs. EULA BRASHEAR of Harris College of Nursing presented papers at the Coronary Care Course for Nurses of the Greater Fort Worth Area which was held Mar. 11-22.

Dean ELMER HENSON of Brite has been elected chairman of the Division of Theological Education by the Board of Higher Education for the Christian Church (Disciples of Christ).

Trustee TILFORD SWEARINGEN has announced he will retire June 30, 1969, from his position as executive director of the Texas Assn. of Christian Churches.

DURWARD SMITH of biology has been awarded a \$36,000 grant over a three-year period by the Robert A. Welch Foundation of Houston in support of his research on "The Chemical Properties and Function of a 'Heavy' Satellite DNA of Yeast."

Several TCU faculty members will be participating in the annual meeting of the Southwestern Social Science Assn., scheduled for the Statler Hilton in Dallas, April 11-13: MARGUERITE POTTER is chairman of the history section, COMER CLAY of government is chairman of the nominating committee and JOHN PERKINS of economics is on the local arrangements committee. Taking part in the program are RICHARD WAITS of economics, graduate student RONALD DAY, School of Business Dean IKE HARRISON, FRANK MURPH of statistics, CHARLES McFARLAND of history, and students ROBERT MARTIN and KENNETH BARR (participating as members of Omicron Delta Epsilon, International Honor Society in Economics).

Dean IKE HARRISON, as Southwest Representative of the American Assn. of Collegiate Schools of Business, will participate at the Dean's meeting of the Southwestern Social Science Assn., April 11.

Participating in the Southwestern sectional meetings of the American Academy of Religion and the Society of Biblical Literature at Southwestern Baptist Theological Seminary, Mar. 15-16, were RONALD FLOWERS of undergraduate religion and GLENN ROUTH and JACK SUGGS of Brite Divinity School. Theme of the AAR program was "Perspectives in Teaching Religion in Higher Education." Ron gave a paper on "The Perspective of the State University;" Glenn presented a paper on "The Perspective of Theological Seminaries and Divinity Schools." Jack was elected president of the Southwest Section of the Society of Biblical Literature. He presented a paper to the society on Matthew 16.

STILL MORE NOTES ON FOLKS OF NOTE

Both MARK SHUMAN and MANFRED REINECKE of chemistry have been on the lecture trail recently. Mark spoke on his research at the U. of Oklahoma, while Manny did the same at West Texas State at Canyon. Department Chairman BILL SMITH spoke last week at Texas Tech and this week at Texas A&M.

BILL WATSON, on leave of absence from the chemistry department, writes of the gravity of the gold situation in Europe as well as grim reports of the war as described in the European press. He played a well advertised game of squash with his professional associate at Southhampton and says he upheld the honor of TCU much to the consternation of his British audience.

Computer Center Director ALEX HOFFMAN has returned from a three day trip to New York City where he attended the Institute of Electrical and Electronics Engineering national convention. Alex also attended meetings related to his duties as editor of Geoscience Electronics.

Five students from TCU's Ranch Training Program, with Director JOHN MERRILL and Associate Director RAYMOND KENNY, discussed ranching in the areas from which they come to members of the Fort Worth Farm and Ranch Club, Monday. The students come from Hawaii, California, Mexico, Florida and Kansas.

Dean of Students HOWARD WIBLE, much to his surprise, learned last week that a speech he gave Nov. 24 on "The Student Nobody Knows" won the top award for an outstanding program from the Pioneer District of the Federation of Women's Clubs. The district includes 14 counties of Central Texas.

DURWARD SMITH of biology is co-author of an article on "The Isolation of DNA from Yeast" published in Methods in Enzymology, Vol. XII.

J. M. McMILLEN, Evening College instructor in astronomy, has joined two colleagues in writing an article on "The Equations of Motion of Fluids in Porous Media: I. Propagation Velocity of Pressure Pulses." The paper was published in the Dec. issue of Society of Petroleum Engineers Journal.

BILL BAIRD, professor of New Testament in Brite, attended the Consultation on Hermeneutics at the School of Theology, Claremont, Calif., Mar. 21-23. Bill was one of a small number of American biblical theologians invited to the consultation. Others included representatives from Vanderbilt, Garrett Theo. Seminary, San Francisco Seminary and U. of Chicago.

"Dilemma in Viet Nam" was Government Chairman AUGUST SPAIN's topic when he spoke at the annual convention dinner of the Texas Federation of Women's Clubs, Pioneer District, at the Baker Hotel in Mineral Wells, Mar. 15.
