QUESTIONNAIRE ON SUMMER PROGRAM

Last summer a special committee was appointed by the Dean's Council to "study our annual calendar with a view to making the fullest possible use of our facilities during the heavy enrollment years just ahead of us."

Faculty members will be asked to assist this committee in two special ways within the next few days. The Dean's Council has approved a committee request to administer a questionnaire concerning our summer program during two class sessions next week. All students who are in classes during the 9:30 period on Tuesday, and the 9:00 period on Wednesday will be asked to fill out the questionnaire. It is anticipated that approximately five to ten minutes of class time will be needed for the project. The questionnaires will be delivered to the teachers the day before they are to be administered.

A second questionnaire inviting faculty evaluations will be addressed to each faculty member through the faculty mail. If you have a favorite suggestion filed away, dig it out for committee consideration.

The work of the Calendar Study Committee is one of the topics on the agenda for the faculty meeting Friday. You will hear more about the project at that time.

Dear Colleague:

Please announce to your classes the Select Series presentation of The Diary of Anne Frank, at eight o'clock Friday evening, December 5, in Ed Landreth Auditorium. This performance will take the place of The Boyfriend, which was cancelled by its producers. In The Diary of Anne Frank the committee has chosen a replacement which it believes will be of more interest than the event originally scheduled.

As you probably remember, The Diary of Anne Frank won both the Pulitzer Prize and the New York Drama Critics' Award in 1955. Since then it has been performed throughout Europe, where it has been received with wide acclaim. A dramatization of the actual diary of a young Jewess who, along with her family, suffered persecution under the Hitler regime, The Diary of Anne Frank derives its importance chiefly from its documentary nature. I have not seen it, but I note that most of its reviewers consider it highly successful in bringing into the focus of the stage an interaction of man's virtues and defects as it portrays an event which is part of our immediate history.

Do encourage your students to attend. Individual tickets are \$2.50. Thank you for your cooperation.

Cordially yours,

Louise S. Cowan
Select Series Committee
