

1971, May 20

Mr. Jim Mull,
P. O. Box 3291,
Eugene, Oregon 97403

Dear Mr. Mull:

Thank you for your letter and check of May 17. Assuming the check clears, everything will be settled.

I am satisfied with the stone that has one piece coming off one edge. I wrapped it in Saran wrap for the time being to keep it together.

I think I can understand the various delays from your point of view but surely you can easily realize that I was worried about my outstanding funds. I do not hold anything against you.

Now if you have some more of the Murchison specimens left that you feel I would like I would still take them provided you gave me 90 days in which to pay for them. I make the offer this way because about 90 days elapsed between the time I paid for other specimens and the time I got them.

Sincerely,
