Mr. Jim Mull:  
1255 Mill St., Apt. 14,  
Eugene Oregon 97401

Dear Mr. Mull:

I appreciate all your trouble in writing me in such detail about the available Murchison specimens.

The 2 3/4 ounces specimen will do as a substitute for the one ounce specimen.

I hope you will trust me to the extent of going ahead and forwarding these specimens and then I'll pay you the additional amount as set out in your tabulation, \$498.00 less what I sent before. By waiting we can adjust the postage and insurance if necessary.

I regret to say I have no catalog of our collection. For one thing I never seem to have the time, and for another, it doesn't pay, because some smart fellow will just go work the fields where we have made original recoveries.

Yours sincerely,

written 3/25/71 to be delivered!
