

August 19, 1969

Mr. Ollie L. Smith
P.O. Box 321
Nashville, Tennessee 37202

Dear Mr. Smith:

I regret the delay in answering your telephone call of August 5. We have had many delays, including a brief flurry from a meteor.

On the basis of your estimate that you have something like 10,000 grams, or 22 pounds, of specimens from the Murray fall, and assuming that these specimens are well preserved, unweathered specimens, I can offer \$95.00 per pound for them.

If this offer is of interest to you, I will be glad to hear further. I believe that you mentioned coming to Denver next month. If you have not yet disposed of the collection, I would like to see what I am bidding on.

Sincerely,

Glenn I Huss
